NO. 237—SIXTY-THIRD YEAR

VICTORIA, BRITISH COLUMBIA, TUESDAY, SEPTEMBER 20, 1921

TWENTY PAGES

## FAIR OPENS WITH RECORD CROWD; DISPLAYS TODAY

Official Ceremony to Be Performed by Minister of Agriculture—Exhibits of Stock and Poultry the Best Ever Seen Here—Splendid District Displays Draw Much Notice

RACES ARE ATTRACTING BIGGEST ATTENDANCE TO FEATURE EVENT

With every inch of space crowded by some of the finest exhibits ever seen in Victoria, and with interest in the event at top register, the British Columbia Agricultural Association will officially open the Fall Exhibition to the public at 2 o'clock this afternoon, when the ceremony will be performed by Hon. S. F. Tolmie, Minister of Agriculture. Never before has there been such a rush for space in the various buildings, and many striking and new features have been added to the usual show attractions.

All day yesterday busy workers were rushing the last stages of preparation and getting the various displays into place, and the result of their work has been to provide the best and most complete agricultural exhibition ever seen in the Province.

## EIGHT BALLOONS MAKE LANDINGS

Six That Started at Brussels on Sunday Are Not Yet Reported—Belgian Soldier Has Adventure

BRUSSELS, Sept. 19.—But one of the three balloons piloted by Americans which left Sunday in competition for the James Gordon Bennett trophy has been heard from up to shortly before midnight tonight. Eight of the fourteen starters had been accounted for. The English entrant, Bannister, landed near Carmarthen, Wales; the Crombie, French, at Brighton, England; the Valle, Italy, at Aberdeen, Wales; the Helio, Belgium, piloted by Lieut. de Mure, at Powerstock, England; and the Harbanti, Italian, near Swansea, Wales. Wade T. van Norman, an American aeronaut, landed six miles northwest of Exeter, England; the Canadian entrant, Magiana, at Trearbert, 25 miles from Cardiff; and the sea bag piloted by the Englishman, Spencer, at Fishguard, Wales.

PARIS, Sept. 19.—The Eiffel Tower wireless station sent out a request to all stations in the Eastern Atlantic, the English Channel and the Bay of Biscay to keep a sharp lookout for the balloons which were sent up yesterday from Brussels in the James Gordon Bennett International race.

BRUSSELS, Sept. 19.—Under intermittent showers and strong easterly winds, the contestants in the balloon race for the James Gordon Bennett trophy started Sunday afternoon. The big balloons went away at intervals of 10 minutes. The English balloon, piloted by the English aeronaut, Baldwin, was sent up at 4:10 p.m., with the wind blowing between 30 and 40 miles an hour. The strong wind gave the pilots considerable trouble, and the Italian entrant, withdrawn owing to damage to his balloon. A thrill was lent to the start by a soldier who was assisting in holding down the Belgian entrant, Belgica, becoming entangled in the ropes. He was unable to extricate himself, and was carried aloft as the bag ascended. The spectators below watched the soldier hanging to the ropes, away in the wind, as Lieut. De Puyster and his companion in the basket slowly hauled him up to safety. The rescue was made just as the balloon disappeared among the clouds.

Altogether fourteen balloons started in the race.

## ALBERTA SELLS BONDS ON FAVORABLE TERMS

EDMONTON, Sept. 19.—The best bond sale for American payment yet made by any province of Canada this year was put through at noon today, when an issue of \$2,100,000 Alberta 10-year six per cent gold bonds was sold to a syndicate composed of the Guaranty Company, of New York, and the Seattle National Bank, Blythe, Witter & Co. and Carstens & Earle, Seattle, at a price of 103.0224. Another issue of \$2,225,000 20-year bonds, also bearing interest at six per cent, was sold to Wilkins, Hunt & Kilburn, of Edmonton, representing the Canada Bond Corporation, Montreal, Young & Wier, C. H. Burrell, Co., and Aemilius Jarvis & Co., of Toronto, at 95.574 Canadian payment.

## AUSTRALIA HAS HOPE OF GENEROUS CROP

LONDON, Sept. 19.—Reuter's Sydney correspondent cables that the New South Wales Government statisticians report an area of wheat of 3,884,000 acres, or 633,000 more than last year. It is expected that 322,700 acres will be re-sown in grain. Prospects for the coming season are most encouraging. A dispatch from Adelaide says a magnificent general rain has fallen, which is expected to increase the wheat yield in South Australia by many bushels per acre. In a number of districts it is expected there will be a record harvest.

## GOVERNOR SENDS GREETINGS HERE

The following cablegram was received by Sir Augustus Nanton, chairman of the Canadian Advisory Committee of the Hudson's Bay Company, from Sir Robert Kindersley, Governor of the Company, and read at the official luncheon that marked the opening of the new store yesterday:

"The Governor and Company of Adventurers of England, trading into Hudson's Bay, send greetings to the citizens of Victoria from London office on the occasion of the opening of the new store premises, and ask them to accept the occasion as evidence of continued faith in the future of their beautiful city, and as forging a new link in the long chain of associations between the Hudson's Bay Company and the City of Victoria. They also take this opportunity of assuring the citizens that they may rely on the Company doing all within their power to assist in the development of the city and its surroundings."

"KINDERSLEY, Governor."

## MASKED MEN RAID KENTUCKY DISTILLERY

BLOOMFIELD, Ky., Sept. 19.—Twenty masked armed men overpowered two guards at the B. McClellan & Sons distillery, bound and blindfolded them, and escaped with seven touring cars with eighty-eight cases and three barrels of whiskey, early today.

The distillery is within a quarter of a mile of the centre of Bloomfield's business section.

## TURKS PRESSING GREEK RETREAT

Reports Differ as to Their Success in Attempted Drives—Greeks Expected to Hold on Former Line

CONSTANTINOPLE, Sept. 19.—Turkish cavalry have entered Sivrihisar, a Greek town, after a long and hard fight, but unsuccessfully, on the Greek flank. The Greeks are expected to hold on the Sivrihisar-Afion-Kara-Hisar line. A Greek report, however, says that the Turkish Nationalist troops have attempted to pursue retreating Greek forces across the Sakaria River, in Asia Minor, but have been repulsed. It is declared in an official statement issued at Ankara that the Turkish troops have succeeded in crossing the river to seek other shore. Serious losses were inflicted upon the Turks during the fighting, the statement says. The Greek line of communication between the battlefield and Sivrihisar was penetrated by an enemy detachment on September 15, but the Turkish troops held the position. The movement backward across the river was accomplished without enemy pressure.

## PARTIES MOVING IN VANCOUVER

Possible Candidates for Various Seats, Are Named—Some Approached State That They Have Not Decided

VANCOUVER, Sept. 19.—Captain Ian Mackenzie, who returned to the city Saturday morning, after a week's absence, stated today that he had been approached by a number of retired soldiers and their officials and asked to become a candidate in Vancouver. Their attitude, he said, was that there should be a soldier candidate in some of the ridings in Vancouver district. So far as he was concerned personally, the situation would have to be carefully considered before he could give any definite decision. Hon. Mrs. M. E. Smith declines to make any announcement as to her intentions, stating that she is still considering the matter. Mayor Gale is also silent, although it is known that many of his friends are working hard in his interest. It is now accepted in N.L.C. circles that Mr. S. J. Crow will again be the party candidate in Burrard. Since his return at the end of last week he has been conferring with leaders of the party, and will consult with the executive on Tuesday, after which an official announcement of his intentions may be expected.

## MINISTERS WILL BE SWORN TODAY

New Members of Cabinet and Former Holders of Office Are Gathering at Capital for Ceremony

FIVE MINISTERS CHOSEN FOR QUEBEC

Sixth Portfolio May Go to Same Province—Probable Cabinet Members From Other Provinces Are Mentioned

OTTAWA, Sept. 19.—Ministers, actual and prospective, are gathering here for the swearing in of the reorganized Meighen administration scheduled for noon tomorrow. The Quebec representation—which has proved the stumbling block—is understood to be complete, although there may still be some minor changes in the allotment of portfolios. According to present arrangements, Quebec is to have five, and perhaps six, members in the cabinet. They are: Hon. C. C. Halliarty, Minister of Marine and Fisheries, his present portfolio. Rt. Hon. C. J. Doherty, Minister of Justice, the portfolio he now holds. R. Monty, K.C., of Montreal, to be Solicitor-General with cabinet rank. L. de G. Belley, K.C., Quebec City, to be Postmaster General. Dr. L. P. Normand, Three Rivers, to be either secretary or minister without portfolio. Dr. Normand, it is understood, is not anxious to take a portfolio, and may, therefore, enter as minister without portfolio. The sixth Quebec minister in view is J. N. Dupuis, of Montreal, but final decision as to whether Mr. Dupuis will enter or not may not be reached till tomorrow.

Question of Seats

The admission of Quebec representation in the cabinet has naturally raised the question of finding seats. Present plans, it is understood, are that Mr. Doherty will run in his present constituency of St. Anne's, and that Mr. Halliarty may contest St. Antoine instead of his present riding, St. Lawrence. St. Antoine is an old Conservative riding of Montreal, and was held by Sir Herbert Ames from 1904 till he resigned.

Mr. Monty is planning to run in Hochelaga, although final decision has not yet been reached. Conservatives in Jacques Cartier are also reported to have offered Mr. Monty a nomination.

At present, it is scheduled to contest Quebec's constituency which was created under the Redistribution Act of 1914.

Dr. Normand, it is proposed, will run in Three Rivers, a constituency he contested in 1911 in opposition to Hon. Jacques Bureau, the sitting member. Mr. Bureau was then elected by nine, on a recount. If J. N. Dupuis is elected, he is probably will be nominated in St. James, Montreal.

Other Provinces

From the other Provinces, as previously indicated, new members of the cabinet probably will be: Ontario—J. A. Stewart, Lanark; Major-General S. C. Mewburn, Hamilton; Edmund Bristol, Toronto; and Dr. E. J. McInnes, New Brunswick. Nova Scotia—H. C. Baxter, Halifax. Manitoba—H. C. Baxter, Winnipeg. Saskatchewan—J. R. Wilson, Saskatoon. British Columbia—H. H. Stevens, Vancouver.

The swearing in of the cabinet has been fixed for noon tomorrow, and till then the allotment of portfolios will not be officially announced. There has been some suggestion of a possible postponement of the ceremony till Wednesday, in view of the fact that the Governor General left for Kingston tonight and will not be back till Wednesday. This difficulty is likely to be met by the swearing in taking place before Sir Louis Davies, Chief Justice of Canada, acting as Deputy Governor.

Several senators, it is stated, are also to be sworn tomorrow. They are understood to include Hon. J. A. Calder, at present Minister of Immigration and Colonization.

West York By-Election

OTTAWA, Sept. 19.—It was stated at the office of the chief electoral officer this morning that no action could be taken toward calling off the West York by-election until the official dissolution of the present parliament. It is a foregone conclusion, however, that parliament will be dissolved before Thursday, the date set for the nominations in West York.

Mr. Pugsley

ST. JOHN, N.B., Sept. 19.—Hon. William Pugsley, lieutenant-governor of New Brunswick, who has been spoken of as a possible Liberal candidate, either in St. John-Albert or in royal, said, when interviewed, he was not being approached by Liberal party representatives, but so far had not given the matter consideration.

Young Men Organize

OTTAWA, Sept. 19.—Some fifty of the younger supporters of the Government met here yesterday and organized the Young Men's National Liberal-Conservative party. This is to be the nucleus of a Dominion-wide organization, and action is to be taken at once with a view to forming branches in other Canadian cities. The aims of the association, as announced, are to create a wider interest in the affairs of the country, to foster a better understanding of the questions of the day, and to raise the standard of citizenship. Premier Meighen was elected honorary president.

## OBSERVERS EXPECT IRISH CONFERENCE WILL YET BE HELD

### SEVENTY KILLED IN QUEENSLAND

BRISBANE, Queensland, Sept. 19.—Seventy persons, it is feared, have lost their lives through a disaster in the Mount Mulligan colliery, near Cairns, North Queensland. The casualties were caused by an explosion of gas within the mine.

### SERGEANT DOMONEY ON TRIAL AT OTTAWA

OTTAWA, Sept. 19.—The preliminary inquiry into charges of obtaining money by false pretences from the Department of Militia preferred against Sergeant William G. Domoney, formerly of the department, was resumed here today before Magistrate Kidd. The charges have to do with the alleged exchange of English money at par.

It was brought out that the accused was only a clerk in the return to Canada. Of the total of \$1,553.30 which he had earned for overseas service, he had already drawn the remainder by way of cash advances, assigned pay to his wife, and gratuity money, it was declared in court. The hearing was adjourned until Thursday.

## CHICAGO BOMBER ADMITS CRIMES

One of Men Arrested for Attack on Shoe Repair Shop Confesses to More Than Sixty Outrages

CHICAGO, Sept. 19.—A confession that he had planted and exploded more than sixty bombs during the past year was obtained, according to the police, from W. G. Smith, one of the five men arrested today while bombing the shoe repair shop of David Kremen.

Four hundred sticks of dynamite and 100 sticks of T.N.T. were seized by the police following the capture of the men.

The bombing was said to have been the result of rivalry between the International Brotherhood of Shoe Repairmen and the United Shoe Repairmen. Kremen is a member of the former.

Richard Burke, who hurled the bomb, and who was shot in an attempt to escape, is said to have told the police that he supplied bombs for several labor unions and also the men to throw them. Police say he made a statement of bomb outrages undertaken for the shoe repairmen's and janitor unions.

In his alleged confession Smith said he met Burke in August and was secured to aid him in bombing and window-smashing.

## Prominent Canadians Present at Luncheon

Opening of Hudson's Bay Store Marked by Function Over Which Sir Augustus Nanton, Chairman of Canadian Advisory Committee, Presided—President of C. P. R. Speaks

A luncheon at which were present a number of prominent Canadian financiers and over two hundred representative citizens of the city was held yesterday in the new Hudson's Bay Store to mark the opening of that institution. The gathering was presided over by no less a person than Sir Augustus Nanton, chairman of the Canadian Advisory Committee of the Hudson's Bay Company, and with him at the head table were such men of prominence as Lieutenant-Governor Walter Nichol, Premier Oliver, Mayor Porter, Mr. E. W. Beatty, K.C., president of the C.P.R., Senator Belue, director of the C.P.R., Sir Herbert S. Holt, director and member of the executive committee of the C.P.R., and also president of the Royal Bank of Canada, Mr. D. C. Coleman, Western vice-president of the C.P.R., Mr. Edward Fitzgerald, deputy chairman of the Hudson's Bay Company, and Brigadier-General Nanton, of Winnipeg.

The luncheon gathering practically filled the restaurant on the fourth floor of the store building. Addresses were delivered by Sir Augustus Nanton, the Lieutenant-Governor, Mr. Fitzgerald, the Mayor, and Mr. Beatty.

In proposing a toast to the Province, the chairman referred to the delay in the completion of the building owing to the war. The foundations had been built in 1914, but when the war broke out the Canadian officials of the company had had the work stopped as it was felt that all available money should be utilized for war purposes. Sir Richard McBride, then Premier of British Columbia, was in London at that time and prevailed upon the Old Country heads of the company to complete the shell

Latest Correspondence Gives Hope That Members of Cabinet and Representatives of Dail Eireann Will Meet—Mr. Lloyd George Himself Expresses Confidence

## DAIL MEMBERS SAY MISTAKE WAS MADE

Notes Were Not Open to Construction Placed on Them by Premier—De Valera Repeats Statement That He Wishes Conference Free From Conditions Precedent

LONDON, Sept. 19.—Many London papers have commented upon the danger of the "open diplomacy," involved in the public exchange of messages between Premier Lloyd George and de Valera which, they point out, makes it difficult for either side to recede from the position adopted.

Papers friendly to the Irish cause, like The Westminster Gazette and The Manchester Guardian, admit that the Premier's last invitation to Mr. de Valera as the "chosen spokesman" of his people, was a fair offer, which Mr. de Valera would be wise to accept without more ado. They also advise him to forego the dangerous pleasure of waving the flag of the Irish republic so persistently in the face of the Premier.

Some surprise is expressed that Mr. de Valera omits to call a full meeting of the Dail Eireann, with the possibility that this body might authorize some brief form of letter accepting the Premier's invitation without attaching conditions.

DUBLIN, Sept. 19.—Members of the Dail Eireann cabinet reviewed the situation today, giving attention to Premier Lloyd George's telegram. After the session a reply was dispatched. So far as the Sinn Fein position is concerned, the reply did not appear to change it in any way.

It is announced that Mr. de Valera's desire for a conference is as strong as that of his colleagues. Members of the Dail do not believe that the notes forwarded to Mr. Lloyd George were open to the construction that they claimed recognition as a sovereign state. As some express it, their idea of a conference is one which may lead to association with the British commonwealth, and if that failed would leave them in no worse position, morally, than when they entered.

The general impression among the members and their supporters was that a conference would be held.

De Valera's Latest Note

LONDON, Sept. 19.—Mr. de Valera's telegram to Mr. Lloyd George today follows:

"Sir—We have no thought of asking you to accept any conditions precedent to a conference. We would have thought it as unreasonable to expect you, as a preliminary, to recognize the Irish republic, formally or informally, as to surrender our national position. It is precisely because neither side accepts the position of the other that there is a dispute and that a conference is necessary to search for such adjustments as might compose it."

"A treaty of accommodation and association, properly concluded between the people of these two islands and between Ireland and the states in the British commonwealth would, we believe, end the dispute forever and enable the two nations to settle down in peace, each pursuing its own individual development and contributing its own quota to civilization, but working together in free and friendly cooperation in affairs of agreed common concern."

"To negotiate such a treaty the respective representatives of the two nations must meet, but if you seek to impose preliminary conditions which we must regard as involving the surrender of our whole position, they cannot meet."

Correspondence Injustices

"Your last telegram makes it clear that misunderstandings are more likely to increase than diminish, and the cause of peace is more likely to be retarded than advanced, by the continuance of the present correspondence. We request you, therefore, to state whether your letter of September 7 is intended to be a demand for surrender on our part or a invitation to a conference free on both sides, and without prejudice should an agreement not be reached."

"If the latter, we readily confirm our acceptance of the invitation, and our appointed delegates will meet your government's representatives at any time in the immediate future that you designate."

Premier Hoped

LONDON, Sept. 19.—Mr. Lloyd George is determined not to do anything in the way of forcing the peace, to jeopardize Irish peace chances, says The Daily Mail's Irish correspondent. At the same time he is well hopeful—one might almost say confident—that the present difficulties will be overcome and the Irish conference held.

"More hopefulness prevails at Gairloch than in London," the correspondent continues, "and is, I believe, justified by the tone of private and unpublished messages to Mr. Lloyd George from Dublin."

India Wants Rhodes Scholarships

LONDON, Sept. 19.—A dispatch to Reuter's Agency from Simla, says: "A resolution introduced today in the council of state for the transfer of the German Rhodes scholarships to India was accepted by the Government."

SIR AUGUSTUS NANTON  
Who presided at the Hudson's Bay Co's luncheon yesterday

of the building on the understanding that it should be bearded up until the war was over.

Old Associations

"When I say that we are commencing business here today I do not want to convey the impression that we have come to do business for the first time."

### RADICALS BREAK UP GERMAN CELEBRATION

BERLIN, Sept. 19.—A celebration at Wilmersdorf of the battle of Tannenberg, following the anniversary of that engagement, fought in East Prussia in 1914, was broken up yesterday by Socialists and Communists who overpowered the Nationalists, the holders of the celebration, and compelled their band to play revolutionary airs.

The radicals also forced the band to accompany them to Hernau, where a bust of ex-Kaiser William and banners which they had captured were burned in the market place.

### INDUSTRIAL OUTLOOK BETTER IN AUSTRALIA

OTTAWA, Sept. 19.—Optimism in regard to Australia's financial and industrial outlook is reported from Melbourne by the Canadian trade commissioner, D. H. Ross, in the current Trade and Commerce Bulletin. Three leading Australian bankers, he says, have recently stated that the country would readily emerge from the difficulties resulting from excessive imports and restriction of overseas markets. The extraordinary increase in the value of imports in competition with previous years has

been checked, and Mr. Ross holds it by no means improbable that by the end of 1921 there may be a shortage in some commodities.

In the matter of North American products, says the commissioner, Australian importers readily recognize the advantage of securing supplies from Canada rather than the United States, as long as the existing exchange situation continues, but on the same grounds, they desire at present to place orders where possible in the United Kingdom. The Australian pound is at par with that of Great Britain.

**Cattle Lost in South Africa**  
LONDON, Sept. 19.—Reuter's Cape Town correspondent says authentic reports estimate that between eight and ten thousand head of cattle were lost in the Orange Free State as a result of the recent blizzard.

**Killed by Train**  
—MONTREAL, Sept. 19.—W. Dupras, 40, of St. Remi, Amherst, a village near here, fell beneath the wheels of a train between Sherbrooke and Piedmont, on Saturday afternoon, and was instantly killed. His brother, Arthur, 23, also fell from the same train and suffered a fractured skull. His condition is critical. It is thought the men stood on the platform of the car to smoke and that a jolt threw them beneath the wheels.

The refreshing glow that comes from a steaming cup of Tetley's Golden Tips steals through the whole body and drives away fatigue.

## WILL SAFEGUARD RUSSIA'S CAUSE

Reply of U.S. State Department to Request of Far Eastern Republic—League's View on Disarmament

WASHINGTON, Sept. 19.—Sufficient assurances, formal and informal, are understood to have been received by the State Department from the different Powers invited to participate in the disarmament conference, to make it appear that the Russian people and the Russian Government will be given seats at the conference when it discusses Far Eastern subjects.

Assurances that "legitimate Russian interests" will be carefully guarded at the armament and Far Eastern conference, have been conveyed to the Russian people by the State Department.

The assurances were contained in a message which was directed to the authorities of the Far East republic at Chita, in response to the request of the republic that its representative be admitted to the conference. The department announced that its reply was delivered through the American minister at Peking. The American views were paraphrased by the department today as follows:

"In the absence of a single recognized Russian Government, the protection of legitimate Russian interests must devolve as a moral trusteeship upon the whole conference. It is regrettable that the conference, for reasons quite beyond the control of the participating Powers, is to be deprived of the advantage of Russian co-operation in its deliberations, but it is not to be conceived that the conference will make decisions prejudicial to legitimate Russian interests, or which would in any manner violate Russia's rights.

"It is the hope and expectation of the Government of the United States that the conference will establish general principles of international action which will deserve and have the support of the Russian people, and of all Russia by reason of their justice and efficacy in the settlement of outstanding difficulties."

GENEVA, Sept. 19.—The final report of the League of Nations Commission on disarmament, given out here today, intimates that the Washington conference, in the Commission's view, will be better able than the League to deal with naval disarmament, since this may best be accomplished through a general agreement among the Great Powers.

TOKIO, Sept. 19.—The receipt of the tentative proposals of the United States upon which it is expected to build a definite programme for the Washington conference on the limitation of armaments has stimulated a new discussion in the Japanese conference, which already is great. It is believed that the Japanese Government is giving earnest consideration to the United States ideas concerning China and Siberia, and more especially such topics as equal opportunity in commerce and industry, the general question of preferential economic rights, and the question of concessions, monopolies and the extension of railways, including matters pertaining to the Chinese Eastern railway.

### WEAR RED POPPIES ON ARMISTICE DAY

OTTAWA, Sept. 19.—The memory of those who made the supreme sacrifice in the Great War will be revered in Canada this day by the wearing of a red poppy on Armistice Day, according to plans now being made by the Dominion Command, G. H. C. A. The inauguration of this custom will, war veterans believe, accomplish three worthy objects:

First, the custom of wearing a May-memorial poppy on Armistice Day; secondly, as the poppy will be a nominal sum, it will supply a means of providing relief funds for the unemployed this winter; and, thirdly, the custom of wearing the red poppy on Armistice Day was initiated in the United States last year by Madame Guerin, of the French Children's League. Madame Guerin laid the proposal before a meeting of the executive of the G. W. V. A., held recently in Port Arthur, and their recommendation to the local branches was accepted.

The G. W. V. A. is also enlisting the support of the churches, boards of trade and other organizations in the campaign.

### INVESTIGATION TODAY IN CASE OF JANNEY

LETHBRIDGE, Alta., Sept. 19.—The investigation into the prison treatment here, as alleged by Captain Janney, will start tomorrow at 10 in the morning at the Provincial police court.

Janney has expressed his intention to take light food to enable him to carry through while the investigation is being held. He was weighed on Sunday, the forty-third day of his hunger strike as officially recognized, and it was found that he had lost 51½ pounds since the day he started his strike.

## GAS ON STOMACH SOUR STOMACH INDIGESTION HEARTBURN

Instantly Relieved by  
**BISURATED  
MAGNESIA**

IN 5 GRAIN TABLETS  
AND POWDER FORM

BISURATED MAGNESIA is a Magnesia compound specially prepared for the safe, speedy and certain correction of dangerous stomach acidity. It comes only in the form of five grain tablets and powder in sealed blue packages. Do not confuse with commercial magnesia, milk of magnesia or citrate of magnesia. Look for the word BISURATED and get the genuine from DRUGGISTS EVERYWHERE.

## SOCIALIST WEEKLY ON C.T.R. QUESTION

LONDON, Sept. 19.—The New Statesman, a weekly review of the intellectual Socialist order, declares that the Grand Trunk stockholders have a moral claim to compensation as a result of the Canadian Government taking over the road, considering that the Canadian Northern Railway stocks were even more grossly watered than those of the Grand Trunk.

"A profiteer who is imprisoned is justified in grumbling at his fate when a fellow profiteer gets into parliament and is given a title," the paper remarks.

Referring to the suggestion of E. W. Beatty, president of the Canadian Pacific Railway, that the Government hand back the railway to the stockholders, the paper states:

"Railway presidents across the Atlantic are very innocent. It never crossed the mind of the president of the Canadian Pacific that competition from a bankrupt company would be less formidable than from a Government-owned railway."

## UNEMPLOYMENT PROBLEM HARD

Scheme for Relief Proposed by Premier Lloyd George Is Regarded as Inadequate—Mr. Thomas' Views

LONDON, Sept. 19.—The scheme presented by Premier Lloyd George for relieving unemployment in England has aroused criticism, not because it is wrong in principle, but on account of its inadequacy.

The local boards of authority for relief are promised British treasury assistance mainly in the reduction of interest rates on loans from the Government. These local boards, which are definitely directly responsible for relief, say that this assistance will provide only enough work to touch the margin of the huge unemployment in the United Kingdom.

Nevertheless, it is evident that the volume of unemployment is slowly decreasing. J. H. Thomas, general secretary of the National Union of Railwaymen, has again declared that a general strike as a panacea for unemployment, as advocated in some quarters, would be ridiculous, and other kind of social upheaval would be equally absurd.

Mr. Thomas declares that the problem of unemployment is an international one and requires international solution.

The opinion is growing that the Government labor exchanges instituted by Winston Churchill twelve years ago must disappear. They cost two and a quarter million pounds yearly. When a man gets fed up of hanging around the exchange and then is struck off the register, it is asserted, the exchange invariably returns him as having found a job. It has been estimated that each job found by the exchange costs the taxpayers about £20 in expense.

## TELLS DE VALERA HE MUST CHANGE

Prime Minister in His Latest Note Repeats Refusal to Meet Irish Delegates on Independence Basis

LONDON, Sept. 19.—Mr. Lloyd George yesterday added another to the list of his refusals to meet the Irish delegation, which leaves Eamonn de Valera's search for a formula enabling him to accept the invitation to a conference still undecided. The question is very much the same as on Friday.

In his message to the Irish republicans, the British prime minister remains firm in refusing to meet the Irish delegates as representing an independent and sovereign state, and declares that unless that section of the British cabinet, which insists upon the delegates acting as representatives of an independent Ireland was withdrawn, a conference between the British and the Irish plenipotentiaries would be impossible.

Notwithstanding the firm tone of Mr. Lloyd George's telegram, it is interpreted as displaying solicitude to furnish Mr. de Valera a favorable opening for abandonment of his recent attitude.

The text of Premier Lloyd George's message follows:

"I have received your telegram of last night and observe it does not modify the claim that your delegates should meet us as representatives of a sovereign and independent state."

"You made no such condition in advance when you came to see me in July. I invited you then to meet me, in the words of my letter, as the chosen leader of the great majority in Southern Ireland, and you accepted that invitation."

"From the very outset of our conversations I told you that we looked to Ireland to own allegiance to the throne and to make her future as a member of the British Commonwealth. That was the basis of our proposals, and we cannot alter it."

"I repeat that unless the British Government is in effect a repudiation of that basis, I am prepared to meet your delegates, as I met you in July, in the capacity of the chosen spokesman for your people, to discuss the association of Ireland with the British Commonwealth."

## WESTERN CROPS VARY IN YIELD

Director Stead, After Tour of Prairies, Reports Conditions Much Mixed—Corn Growing Has Developed

OTTAWA, Sept. 19.—Upon his return from a six thousand mile trip through the grain growing sections of the Prairie provinces, Robert J. C. Stead, director of publicity of the Canadian Department of Immigration and Colonization, reports a somewhat mixed crop condition, varying from very light to very heavy.

The lighter districts in all three provinces are in the south, bordering on the American boundary, and extending northward for varying distances. Throughout these districts the rainfall during the season has been somewhat light, and wheat crops in many sections will not average more than ten bushels to the acre.

An interesting development, however, is in the growing of corn, in which great headway has been made in recent years. Some of the corn fields seen in Western Canada equal anything to be seen in the East or South, and give additional color to the general opinion that the corn belt is steadily moving northward.

An important development in the agriculture of Western Canada is the irrigation areas which are being opened in Southern Alberta. These areas possess a very fertile soil and attractive climate and, with the assurance of water, will undoubtedly become important factors in the farm production of the Dominion.

## HON. T. A. CRERAR SENDS ANSWER

In Reply to Dr. Clarke, Leader of Progressives Says He Does Not Favor Class Legislation or Domination

WINNIPEG, Sept. 19.—Reputing any idea of class legislation or class domination, either in his own personal views or as part of the new national policy, Hon. T. A. Crerar, leader of the National Progressive party, today issued his reply to the published letter of Dr. Michael Clarke, M. P.

Referring to the tenets of H. W. Wood, president of the United Farmers of Alberta, Mr. Crerar indicated that these deal with matters of organization, not of legislation. Mr. Crerar also re-affirmed the policy of constituency autonomy in the matter of selecting candidates for the forthcoming federal election.

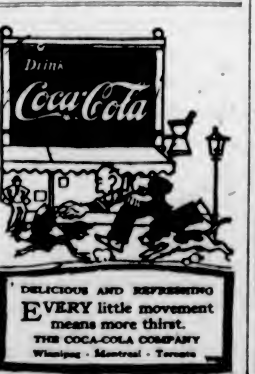

The letter to Dr. Clarke read as follows:

"On my return to the city yesterday, I received, with some surprise, your letter of the 14th inst., which was published in the newspapers before it reached me."

"The view which Mr. Wood holds on economic class groups is related mainly, I think, to the methods of organization, and in any case, forms part of the platform on which all Progressives throughout the Dominion are appealing for support on the new national policy. I am sure that the United Farmers of Alberta are not out for class legislation, nor do they want class domination. The slender implication in your letter that I have submitted to the idea of class domination is entirely unwarranted. As stated, that idea is in no sense a part of our programme. I do not believe in class legislation, nor do I believe in class domination. In the past we have had too much of both in Canada. Both are repugnant to any liberty-loving people, and I think you know me well enough to know my views on the matter. The business of government is a matter that concerns all the people, and can only be successfully carried on when all those, irrespective of their race, creed or occupation, associate themselves together to achieve a common end."

"The question of your candidature in Red Deer is, of course, a matter between you and your constituents. That any difference should have arisen between you and them is a matter of deep regret to me. The United Farmers of Alberta in their annual conventions have approved of the new national policy, and I am sure their representatives in parliament will be prepared to support the legislation necessary to give effect to it. That is the really important thing. So far as methods of organization adopted in each province or federal constituency are concerned, that is a matter for the consideration of the electorate immediately concerned."

"I take it that your confidence in the public policy we have adopted will stand, and I regret that circumstances, local in their character, have induced you to give to the public the statement you have given. Let me again express my appreciation of the good service you have rendered the Progressive movement in Canada, and

## WOUNDED BURGLAR DISCLOSES IDENTITY

HAMILTON, Ont., Sept. 19.—The burglar who a few days ago was shot in an encounter with Chief Smith, of the Burlington police, and vowed he would die without disclosing his identity, to shield his wife and children from disgrace, weakened with the hand of death upon him on Saturday night in the hospital here, and whispered his name to his doctor. He said he was Nat Reid, and that his home was in Oshawa. He also gave the names of his accomplices, and the officers are now looking for them. Reid died a few minutes later.

OSHAWA, Ont., Sept. 19.—Nashua Reid, who died in a Hamilton hospital of bullet wounds following an encounter with the chief of police of Burlington, lived here for many years, and leaves a wife and three children. He was an employee of the McLaughlin Motor Works as a machinist, and was regarded as a faithful worker. He left Oshawa on June 10.

**EXCHANGE FRAUD  
PROBE GOES ON**

Men Are Examined at Vancouver in Regard to Operations—Money Ordered Returned in Some Cases

VANCOUVER, Sept. 19.—Twenty-one men appeared before the royal commission to investigate frauds in connection with the conversion of sterling exchange into Canadian currency at today's session. Of these, four were ordered to return profits on the transactions to the Government, yielding a total of about \$3,750. The others were able to show that their transactions had been legitimate, or that private sources of revenue had been so confused with pay and salaries that it was impossible to distinguish between them.

Clifford E. Field, who was ordered to pay the Government \$1,750, received pay amounting to \$12,000 during the war, and he converted into Canadian funds at par about \$15,000. He explained that he had taken a large amount of private money to England with him when he went over.

"I am not going to say that something else besides having to pay back \$1,635 is not going to happen to you," Commissioner G. T. Clarkson told G. W. Pace, who stated that he had taken about \$11,000 to England and transferred it back with other money he had received from pay.

Robt. F. Ely, Armstrong, admitted he had brought to Canada \$500 on behalf of E. V. Finland, barrister, Victoria, and he was instructed to wire Mr. Finland to appear before the commission when it sits in Victoria.

Digby Welland, Vancouver, was ordered to pay \$200 when it was proved that he had converted \$700 more than his total pay and allowances. There was a distinguished gathering of officers before the commissioner to answer questions regarding the conversion of sums ranging from \$2,000 to \$5,000. Among those called were Major C. MacLaurin, of the Jericho Air Station; Lieutenant-Colonel J. F. Keen, Major Angus McAllister and Captain R. J. Bell. All gave explanations which were perfectly satisfactory to the commissioner, and who were exonerated of any wrongdoing, intentional or otherwise.

About fifteen others will be examined on Tuesday morning, after which the commissioner will go to Victoria to conduct an investigation there.

**REBEL MOPLAHS  
RESIST FIERCELY**

Threaten Europeans and Hindus With Massacre and Proclaim Independence—Their Subjugation Difficult

LONDON, Sept. 19.—Official investigation shows that the situation in India is more serious than was believed. The military is experiencing difficulty in dealing with the rebels, owing to the latter's mobility and to the nature of the country, which is largely forest land, through which formidable gangs are scattered.

The opinion is held that the Moplahs who fled into the jungle could be starved out if the main roads were held and certain areas garrisoned. Two thousand rebels are massed on the Pandur hills in a favorable position, where an action is imminent and the use of artillery unavoidable. A high priest is heading another band which is endeavoring to join the force at Pandur.

A rebel conference has declared that the Hindus are to be converted to Islam at the point of the sword. A Ruler cable from Rangoon says that at the council of the Home Secretary said that except in the immediate vicinity of the troops and near the railway, the lives and property of the non-Moplahs are unsafe.

The rebels, of whom five bodies are known to exist, control certain areas, and the re-establishment of authority is at present impossible owing to the transport and communication difficulties.

Threatens Europeans  
CALCUTTA, British India, Sept. 19.—Reports from Nilanbur, a town about twenty-five miles east of this city, state that Chief Kunhammed had proclaimed the district of Unnad and Walluvanad an independent kingdom. He is said to have threatened the massacre of Europeans there.

These two districts lie in the hill country situated between the Malabar district and Mysore. During the rebellion of Hyder Ali, which began in 1774, and was conducted by Hyder Ali's son, Tipu Sahib, insurgent Indians made these two districts a stronghold, and it was not until 1799 that the hostilities were ended.

Gildas, a British monk in the latter part of the sixth century, wrote a history of the Saxon conquest of Britain.

**DECLARES HE FEELS  
TEN YEARS YOUNGER**

Vancouver Man Finds Relief After Being Crippled Six Years With Rheumatism

"I never felt better in my life than I do now, and Tanlac deserves the credit," said Wm. R. Holovatsky, 132 Hixson Street, Vancouver. "I was crippled up with rheumatism for six years, and when I began taking Tanlac my right leg was so stiff I could hardly walk, and my arms hurt me so that I had to call in help to put on my clothes. My stomach was all upset, too."

"All of my troubles are gone now, thanks to Tanlac. The fact is I'm not only in tip-top shape, but I feel ten years younger, ten years healthier, and ten years stronger."

Tanlac is sold in Victoria by Duncan B. Campbell and by leading druggists everywhere. (Adv.)

**PROMINENT CANADIANS  
PRESENT AT LUNCHEON**

Continued from Page 1

time," said the chairman. "We have been doing business here for the last hundred years." He referred to the fact that for a considerable number of years the company had governed Vancouver Island and was the oldest company in the British Empire. It had been doing business in Canada for the past 225 years. Until recently its business had been confined chiefly to the remote parts of the Dominion, but in recent years a chain of up-to-date stores had been established.

The parent store at Winnipeg was not all that the company wished it to be, said Sir Augustus, but the city's indecision over the procuring of an approach to the new Parliament buildings had held up development, and as soon as the civic authorities made up their minds the company would erect store premises that would be the equal of any in Canada. It was hoped to enlarge the Vancouver store in the not far distant future by the addition of two more units. Sir Augustus hoped that the local store would meet with the public's approval.

At one time, pointed out the chairman, the stores of the company had been directed from London, but following the appointment of Stores Commissioner Burbridge, the supervision had been transferred to Canada. The commissioner, who was retiring, had brought the stores of the company to a high state of efficiency. He had gathered about him a most efficient corps of assistants who would carry on the work of their retiring chief. The Victoria store would be under the direction of Mr. Porter, who he believed to be a specially good man.

The company's motto was "A skin for a skin," in other words, value for value. If the local store was to succeed it must give not only value but service.

"This is a British company," declared the speaker, "and we hope to find that the people of this island prefer British goods. If they do, then it will be the pleasure of the company to supply them. British Columbia has scenery and natural resources second to none. It has a climate unequalled. With these advantages she will undoubtedly forge ahead, and it is the earnest desire of the company, by fair dealing and good service, to share in that advancement."

**The Company's Share**

"Whatever British Columbia is today, a large share of the development has been borne directly or indirectly by the Hudson's Bay Company," declared Lieutenant-Governor Nichol, in responding to the toast to the Province. "I have always found the company obliging and willing. Its career here has been one of honorable and dignified one, and in the great march of events it has saved Western Canada and British Columbia for the British Empire. Canada would never have existed where it is, had not been for the genius for government and the other good qualities of this great company."

The Lieutenant-Governor referred to the agitation for the secession of Vancouver Island from the remainder of the Province. Nothing had come of these efforts, he remarked, adding, "Back in the minds of sensible men are reasons why such a movement should be discouraged. At the present time Victoria owns the dignity and honor of ruling British Columbia. Just think that over when secession is proposed again."

Through a survey of the Okanagan district from the air, said the Lieutenant-Governor, one thousand new lakes had been discovered which, with some attention, could be utilized to make a vast fertile territory available for cultivation through irrigation. The value of the fruit industry of the province was particularly stressed. The other resources of the Province were touched upon.

**To Win Appreciation**

"We are going to try and win the sincere appreciation of the people of Victoria," said Mr. Fitzgibbon, deputy chairman of the Canadian Advisory Committee of the company, in proposing a toast to Victoria. Concluding a brief address, the speaker referred to this city in the terms used by the C. P. R. in its publicity, "Victoria, a gem in an island of enchantment."

Victoria has more paved streets in proportion to its population than any other city in Canada. It has better lighting facilities, and better boulevards, and the streets are kept cleaner. "This was the result of the direct opening of Mayor Porters response to the toast to the city. "Victoria has not grown so fast as it might," he continued, "but we are an optimistic people. What we haven't accomplished in the past we will in the future. I have a warm spot in my heart for the Hudson's Bay Company. My father came out in its employ, and his loyalty to the company was second only to his loyalty to King and country."

Victoria would be different from Winnipeg. It was said that the company wanted at any time the city had plenty of it. If the company wished to expand, land could be procured at a reasonable figure. To show the spirit of the city, the Mayor referred to the welcome given the new store by a competing firm that had been established here for the past fifty years.

At the time the officers of the company thought the council could do of service all they had to do was to ask.

**The Old: The New**

The Mayor stated that he had patronized the Hudson's Bay Company in the days when it had a store on Esplanade Harbor. The comparison between the old store building there and the present fine structure showed the growth of the city.

Mr. Beatty, president of the C.P.R., proposed the toast to the Hudson's Bay Company. "Years ago, when I was a law student," he said, "I was asked to prepare papers to show the company to do business in Ontario. I had an opportunity then to read its charter, and I wondered at its simplicity. I marvelled, too, that a body of men should have ventured over many years ago on a venture so hazardous as that for which the company was formed. The company has been fortunate in being presided over by men of courage, prudence and foresight, and who have the interests of Canada at heart. Sometimes, when we view the works of such a great corporation as this, we are apt to forget the pioneers who made the whole thing possible. The company is fortunate in having in charge of its affairs men of the highest standing in their communities. I ask you to rise and drink to the success of the

View the New and Handsome  
**Imported Evening  
Gowns**

Presenting for your approval this week a showing of beautiful imported Evening Gowns, featuring the very newest and authentic modes for evening wear and formal occasions. Headed nets, irregular hems and over-lace effects are much in evidence. A showing that merits your immediate attention.

**We Have Not Outgrown the Idea  
of Personal Service**

HOW often one hears a woman comment on some item of another's apparel. More than likely you will hear this reply: "Oh, I'm glad you like it—I always go to Campbell's." So and so in that department always knows what I want and she's so pleasant to deal with." This store selects its employees with these questions of personality and efficiency uppermost. These, in combination with merchandise of distinction and worth, make it a pleasant place indeed in which to shop.

corporation, not only to its success in Victoria, but in all its varied enterprises throughout Canada."

Sir Augustus Nanton briefly thanked Mr. Beatty for what he had said. He pointed out that the first purchase in the new store had been made by a lady who had dealt with the company back in 1859. The chairman then declared the new store open.

**A Notable Assemblage**

Those at the head table were: Sir Augustus M. Nanton, Mr. E. W. Beatty, Sir Herbert S. Holt, Lieutenant-Governor Nichol, Premier Oliver Mr. James Thomson, Mr. H. E. Burbridge, Hon. Mr. Justice Archer Martin, Mr. D. C. Coleman, Brigadier-General Ross, H.O.C., Brigadier-General Nanton, Rev. W. Leslie Clay, Rev. F. A. P. Chadwick, Col. Wroughton, of the R.C.M.P., Mayor Porter, Senator Belque, Right Reverend Bishop McDonald, Mr. Edward Fitzgibbon, Commander E. A. E. Nixon, and Mr. E. B. Mosher, publicity agent, Winnipeg.

The gathering included members of the Provincial government, members of the municipal council, and some of the most prominent of the local business and professional men. Mr. James Thomson, former fur trade and land commissioner of the company and now a member of the advisory committee, was among the guests. Other company officials included Messrs. J. M. Gibson and J. R. Braidwood, assistant stores commissioners; Mr. H. T. Lockyer, general manager of the Vancouver store; and Mr. C. M. Thomas, publicity agent, Winnipeg.

From the windows of the restaurant on the fourth story a fine view was

obtainable of the harbor entrance and the business section of the city. Taking cognizance of the occasion, it was interesting to think back nearly eighty years and see—in the mind's eye—the steamer Beaver coming into its anchorage carrying the expedition that was to establish a Hudson's Bay trading post here. Paint out for a moment the business section that stretches back from the water's edge. Paint in the wilderness that faced the pioneers of 1843, hearing in mind the scene of which Bancroft wrote, "Before them lay a vast ocean-bound body of land upon which no white man now stood. Not a human habitation was in sight, not a beast, scarcely a bird. Even the distant murmur of the voiceless wind was drowned by the gentle beating of the surf upon the shore."

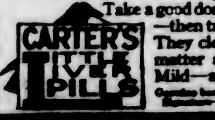

The fort is built. Civilization pushes the forest back. A city grows. Fame rapidly over the years that intervene back again to the present, and the business section of today lies stretched below. And that? That is the dream of the electric fans.

**Regina Merchant Robbed**  
REGINA, Sask., Sept. 19.—Max Aler, a Heath Street merchant, was held up today and robbed of \$200. He was beaten by two men, robbed, gagged and bound, and thrown into the basement under his store, where he was tied to a post. A delivery boy found him about ten minutes after the robbery.

**Marriage to Divorcee**  
NEW YORK, Sept. 19.—The World this morning denies the report that Bishop Manning, of the Episcopal diocese of New York, had ruled against the marriage of Rev. Dr. Percy Stickney Grant to Mrs. Lydia, a divorcee, and had forbidden any of the Episcopal clergy to perform the ceremony.

## A CHEERFUL NOTE

Mr. E. W. Beatty, K.C., must early have demonstrated that he was endowed with more than average business ability and more than average courage, or he would scarcely have been selected for the post of President of the Canadian Pacific Railway Company. Mr. Beatty's predecessors in the post were big men, selected for the qualifications that they had displayed as railway managers in the United States. We took them in, made them good Canadians, and they were honored for their services by the Sovereign of the British Empire. Their successor is a Canadian, and whatever the nature of his services, he never can receive such honors as were bestowed upon Sir William Van Horne and Baron Shaughnessy. The Canadian Parliament in its wisdom has placed a ban upon such honors except under certain special circumstances.

It is not likely that Mr. Beatty will trouble his head about such things. The man who is entrusted with the task of administering the affairs of a corporation like the C.P.R., which is much more than a railway company, with its steamers on the oceans, seas and lakes, and with many other subsidiary interests, probably will be content if he should succeed in giving satisfaction to thousands of shareholders with their hundreds of millions of capital investment. Mr. Beatty's responsibilities are very great, among the greatest carried by any man in the world. That he will discharge them conscientiously and successfully there is not even a shadow of doubt.

The President of the C.P.R. speaks cheerfully of the business prospects in Canada. He has just completed his annual tour of the country and therefore can speak with the very best of authority on the subject. More than that, the institution with which he is connected reflects faithfully any changes in the business situation. When demands for transportation facilities increase, there is no question as to its being an indication of a revival in the trade and commerce of the country. The cheerful note sounded by Mr. Beatty will have an encouraging effect wherever it is heard, and that will be throughout Canada.

Canada, like every country in the world, has been affected by a trade depression. Now we are told that the worst is over and that by next spring at the latest we shall have regained all that was lost following the war, and shall have begun an ascent to even higher altitudes than ever before. But Mr. Beatty points out certain policies that must be put into effect ere we shall be on the right road to our great destiny. Competent men, men of judgment and vision, must be entrusted with the administration of our affairs. The country is sparsely settled; it must be filled up and the great waste places made to bloom and bring forth in all the abundance of which they are capable. There are certain influences and prejudices that must be overcome to accomplish such a result.

## THE FAIR

Victoria's annual exhibition and stock fair will be officially opened this afternoon by Hon. S. F. Toynbee, Canadian Minister of Agriculture. The state of the weather often has considerable influence upon the success of such an institution. Given the usual meteorological conditions in Victoria at this season of the year, the show should be a complete success, for all the other conditions are favorable in a superlative degree. The exhibits in every department are more numerous and of a higher class, according to competent authorities, than they ever were. The stock on display is of a superior quality, and the special exhibits from farming districts on the Island and Mainland alone are worth going a long way to see. An examination of the fruit will raise in the mind of the public of this city a question as to why it should be considered necessary, or even possible, to import any products of that kind from foreign parts. The fair is worthy of handsome support by the people of this city. It is their show, and upon them to a large extent falls the responsibility for making it a success.

## SUNDAY NEWSPAPER FEATURES

If the "news" and chief features published in many of the Sunday papers on this Continent faithfully reflect social events and the trend of public opinion, then we fear "all is not well with the world." In expressing this misgiving, The Colonist sincerely believes that it is not posing as a model or adopting a "heller than thou" position. For example, one of the leading Sunday newspapers of the Coast announces in a front page article, prominently displayed and

illustrated, that a beautiful young lady of Chicago is anxious to dispose of herself in marriage to a wealthy gentleman. The ambition of the young woman is quite worthy, what-ever may be thought of the method of attaining it. She desires to complete her education by attendance at some of the leading universities. She has tried all kinds of occupations, and has found them all lacking from an ethical or cultural point of view. "The barriers are closed unless 'marriage' lifts the bars. Doubtless that sort of thing has been going on ever since the world began, or at least, since the pair who established the human race and were driven from a certain delectable garden in another continent, laid the foundations of society; but hitherto a certain delicacy generally has prevailed in such matters. Alliances of convenience and policy, doubtless in deference to public opinion, usually have been arranged by private negotiation. The Chicago lady, with her inheritance of personal charm and a disposition that evidently will adjust itself to any circumstances, seeks out a press agency and advertises her merchantable wares to the world.

"Fatty" Arbuckle, not and de-bauchee (if the stories that are told about him and his associates are true and not the creations of sensational press correspondents), also occupies a great deal of space in the ordinary Sunday newspapers. All his movements between court and jail are portrayed in press dispatches; if he appears to falter in his steps, that detail is not overlooked, his pictures stare the reader in the face; he is receiving more advertising in advertisements than he ever did as a star in pictures in the days of his greatest prosperity. In this country we would consider that his case is being prejudiced; but apparently the interests of Sunday newspapers are more to be considered than the ends of justice.

## LETTERS TO THE EDITOR

No letter to the editor will be inserted except upon the proper signature and address of the writer. This rule admits of no exceptions.

## Powers of Commissioners

Sir,—In reference to the item in the Sunday issue of The Daily Colonist under the heading of "Instant Dismissal for Police Officers," one would naturally come to the conclusion that there is something "rotten in the State of Denmark," or that there is something radically wrong in the power and authority given to the Board of Police Commissioners.

The Board of Police Commissioners is apparently composed of three members, two being elected by the people, and one by virtue of being head of the City Council—and if two of these commissioners agree to work together, it would appear as if the third member were of little avail. In a four-wheeled carriage, being of no use and having no power to vote anything, no matter how wrong, passed by the other two members.

I believe these two commissioners are elected to serve for two years; may I ask if either one or the other or both do any wrong, such as ouster certain members of the police department, as intimated in the above-quoted article, what steps, if any, can be taken to have these commissioners ousted? It appears to me to be most unjust and absurd that any two commissioners should be elected with the power to dismiss men who have faithfully served the city during the best years of their lives, without having an investigation made by a properly constituted commission to take evidence and give these men a chance of defending themselves if charged, or charges or allegations are made against them.

This Board of Police Commissioners as at present constituted seems to me to be a perfect farce, inasmuch as two men are elected to control the police department—for the two are the majority—and if it suits their purpose, under the guise of greater economy or under any other excuse, they have the power to dismiss any or all of the staff without a proper investigation. This arbitrary method of power given to two men is certainly wrong, and it is hard to understand why such a board of commissioners is necessary, or why the control of the police department cannot be carried out by the City Council.

F. V. YOUNG,  
141 Beechwood Avenue, Victoria, B.C.,  
September 18, 1921.

## Dismissal of Police Officers

Sir,—Under the above heading in Sunday's Colonist I read that because certain people connected with what is termed a "Welfare League" have been named, supported by Commissioners North and Hall, that, without trial, without proof, certain of-ficials should be dismissed, and quoted as being supported by the Com-missioners. It is a pity that it had been publicly announced intention of the pair (Dr. Hall and North) to make a "clean out." Commissioner North has made no secret of his desire to oust certain members of the detective department.

Sir, all men, whatever their own conduct may be, deserve one who in all things strives to be just. A policeman's duty is a peculiar one. He is supposed to be a policeman, a lawyer, yes, and even a magistrate. In a few moments he is called upon to decide what is right and wrong; he is at the mercy of the criminal; his life is always in danger; he is the first to call upon in time of trouble, and he is always there to protect life and property, but Mr. Editor, he is also the first to get the blame if in the slightest error of judgment he makes a mistake.

In all conditions of life, in all communities of collections of men, we have the good and bad, and even in the police force we look for the same. Victoria, like all other cities, contains amongst their citizens the vicious, the corrupt. It is expected from the police that they should, as far as possible, control this, and, above all, that they shall be no party to crime. Statements have been made that the police and detective force have been a party to crime, and instead of suppressing same, have been a party to it.

I hold no brief for the police force, and if any one, or any body of men, are guilty, then it is the duty of every citizen to stand behind any man

or body of men who stand for "justice."

Under the British law, before a man stands convicted he must first be proved guilty, and if there is even a doubt, then he must get the benefit of the doubt.

Four men have held positions, positions of grave responsibility; they have held the characters, the lives even of their fellow-citizens, in the palm of their hands from thirty to fifteen years. These men have had as their employers the Police Commissioners year in and year out. These commissioners were chosen by the people by vote for thirty years. It is quite in the order of things that many complaints would be brought against a police department, and many mistakes may have occurred. Yet, through all this, these four men have been supported by the said commissioners and held these honorable positions. British justice demands that before any league, or police commissioner, should be allowed to, by dismissal, take away the character and ruin the future of any man, these men shall be tried, giving them an opportunity to defend themselves, and at least allowed the same privilege of an ordinary criminal, yes, even a murderer.

I believe there is a sufficiency of honorable men, outside the Welfare League, in this city, who see that no such drastic action is justified, and that no sentence shall be given, and even if given, shall not stand, till the men there are acquitted.

Mayor Foster states: "These men's characters and records are beyond reproach and they should have a fair trial," and I want to say that I am sure there are sufficient men who have the sense of justice and red blood in their veins to see this is done, and support the Mayor.

In conclusion, if these men are guilty, then every police commissioner of the past thirty years, including the mayors of the city, who, I presume, were by authority chairmen of the commissions, are equally guilty.

I can only smile at the utter foolishness of such a thing. These Police Commissioners should at least come to a decision against justice, because a conviction against these men is a conviction against the past commissioners.

JOHN DAY,  
800 Madison Street, Victoria, Sept. 18, 1921.

## Legion of Frontiersmen

Sir,—I desire it to be known that the world headquarters of the Legion of Frontiersmen, situated in London, England, has issued the following Order, number five, in its General Orders for August, 1921:

"1.—Victoria City Squadron and Vancouver Island Command are, with a view to reorganization under Staff Officer Major F. V. Longstaff, officer for organization of British Columbia, dissolved as from September 1 proximo.

"2.—Members of all units and sub-units will be notified that all proposals for (a) Creation of new units and sub-units, (b) Proposals for appointment of Legion officers, must be addressed in the future to the Staff Officer Major F. V. Longstaff for approval and forwarding to the executive council.

For some years during the late war all the island troops were under the direction of Legion Captain R. J. Brown, himself a Yukon frontiersman of some years' standing. The Victoria City unit in particular supplied a stream of very efficient recruits and N.C.O.s to successive C.P.F. units, and latterly to the 14th Battalion, and many of these recruits have been rewarded by the naval and military doctors for active service remained at home and kept the Victoria unit together, and this organization was the first unit in the city to look after the interests of men discharged from the C.P.F.

In addition to good work on Vancouver Island, the Legion is active in other parts of the Province and has organizing officers as follows: Vancouver City, Legion, Lieutenant C. Plowden, Room 14, Williams Block, 413 Granville Street; Prince George, Frontiersman C. H. Calgrove, Calgrove Block; Queen Charlotte Islands, Legion, Lieutenant R. Ponder, Provincial Office, Massett.

There must be many eligible pioneers on the Island who do not know of the Legion or its objects, and organization. Any experienced officer who is a true frontiersman at heart, and who has worked at one or more of the above, is invited to apply to me for membership.

Sailor, soldier, explorer, prospector, miner, engineer, police, trader, cowboy, electrician, transport rider or driver, rancher, guide, scout, hunter, trapper, lumberman, fireman, telegraphist or surveyor.

F. V. LONGSTAFF, Major,  
Staff Officer for the Legion of Frontiersmen in B.C., 50 Highland Drive, Gonzales Hill, P.O. Box 19, September 19, 1921.

The Police Force

Sir,—The news that the majority of the Board of Police Commissioners has decided to get rid of the brains of the police force is a most serious matter for the citizens to notify those gentlemen that their campaign of self-advertisement and personal ambition is not going to succeed. The city cannot be left at the mercy of a few criminals of the Mainland while a new detective force is learning its business. With experienced men watching the boats, our island position is an advantage. Without them Victoria's situation is a standing invitation to every crook to come and commit crime and get away again safely.

Dr. Ernest Hall has charged that the detectives inspired his recent prosecution. If he has any grounds for that charge he should be inquired into publicly before action is taken. My own belief, based on inquiries, is that he is mistaken. In any event, the Victoria police are at least entitled to the chief's privilege of being heard and proven guilty before being condemned.

In view of Victoria's practical immunity from serious crime for many years, the citizens will ask for more, than uninformed gossip before he will allow that immunity to be done away with.

Murder on Canadian Boat

FAMOUS EXPLORER  
DEFINES HIS WORK

Sir Ernest Shackleton Explains Causes Which Take Pioneers to Unknown Corners of World

"Why do I do these things?" said Sir Ernest Shackleton. "Why does anyone do anything? I go exploring because I like it and because it's my job."

"One goes on, and then one gets the fever and can't stop going. So I return to the wild again and again, until, I suppose, in the end the wild will win."

"There is the fascination of striving after the almost impossible—of attempting something hard to accomplish."

While he was speaking the great explorer paced slowly up and down his office overlooking the Thames Embankment. The London Daily Graphic says:

"Over there," Shackleton continued, pointing across the river, "is the new country that I see. The city is the old and the primeval."

"And yet, if it were not for the searchers, those who would not be running along the Embankment, and that hall would never have been needed."

The Great Unknown

"Scientists, inventors, explorers are all searchers after the Unknown, the advance guard of progress."

"To a great extent we work in the dark; we do not know exactly what our discoveries will be to mankind. But this we do know: that no knowledge is useless; and years hence the things we find out may help our countrymen in a way no one suspects today."

Years ago South Georgia Island was discovered, a comparatively unimportant event at the time. Today that island is a great centre of the world's whaling industry, and from there whalers come an oil which is essential in the manufacture of armor plate.

To the expedition that discovered South Georgia, all unknown, all unknowingly, helped us to win the war. "The cost of Polar exploration during the last twenty-five years has been about two million pounds. The actual economic value of the discoveries made has been upwards of twenty-five millions."

"Among other things, the object of the present expedition is to get an accurate record of the air currents, in the same way as the ocean currents are known and charted."

"It does not require much imagination to foresee that before many years have passed the air will be as important a highway as the land and sea."

Nearly every air current of importance, south of the Equator, depends on the Antarctic regions, and we are going to try to trace them from that area."

And surely there are very few living men so qualified to undertake such tasks. Tall, with a breadth of shoulder which reveals enormous strength; a sunburnt, weather-beaten face, with keen eyes, the nose of a born sailor. A face that looks stern and almost forbidding in repose, but which can never lose light up with a wonderfully attractive smile.

That smile and "Widow" from their leader would make most men ready to endure twice the hardship that the crew of the Quest will be called upon to endure.

A leader of men; the body of a giant and the soul of a poet; a man who is too virile, too vital to endure the bonds of civilization, a man who is ever hurrying to the unknown corners of the earth, a true son of nature.

FAIR OPENS WITH RECORD CROWD; DISPLAYS TODAY

(Continued from Page 1)

and pet stock in the building reserved for them, and some valuable specimens of stock are to be seen there. They try to make the classes as very keen and prize winners will be among the pink of their kind.

Keen competition is evidenced in the splendid poultry exhibits, which have been the feature of the fair since the opening of the exhibition.

Some of the best birds obtainable are to be seen here and the fancier will find himself in the midst of the most interesting and lively in this building with its challenges of gaily-feathered roosters, and the cooling and crooning of pigeons.

The "aristocrats of the poultry yard" are the most interesting and valuable exhibits to be seen. A visit to this building will be one of the chief pleasures of the show.

One of the biggest attractions of the show is the British Columbia Government display in the main Agricultural Building. This consists of fruits, vegetables, grains and minerals, and an exceptionally good display of honey from the Government apiaries. This splendid display of honey is placed over a bank of electric lights, giving the effect of a waterfall and is one of the most remarkable exhibits to be seen.

This splendid display of honey is placed over a bank of electric lights, giving the effect of a waterfall and is one of the most remarkable exhibits to be seen.

The floral decorations in this building round the bandstand are most attractive. Much interest will be displayed in the exceptionally fine dahlias display in the main building. Some magnificent blooms are to be seen in it and the variety of color and wonderful perfection of the blooms shown make this one of the chief sights anywhere.

The district exhibits in the Main Agricultural Building are especially attractive, and the vegetables and home products shown in them are among the best in this year's show. There are five of these exhibits, and they each are crowded with monster vegetables and other products that meet the prize-winning mark very high, and which are a credit to the districts where they are grown as well as the exhibitors in charge of them. The arrangement of district exhibits is specially fine and tasteful.

In the Women's Building there is to be found one of the feature displays of the exhibition, where a va-

## An Interesting Display of Fall Sweaters

We are showing a big range of Wool and Jersey Cloth Sweaters from which to choose your particular need.

At \$3.98—Heavy Knit Coat Sweaters, in plain and fancy weaves. Made with shawl collar, patch pockets, and fastened with belt of sash. Colors rose, canary, turquoise, reseda, beauty, navy and dark green.

At \$4.75—Pure Wool Sweaters, in Tuxedo and coat styles; also surprise tie-backs, in a big assortment of plain colors or trimmed with contrasting stripes.

At \$7.95—Fine Wool Sweaters, in plain and fancy weaves, with giraffe, sash or belt, trimmed with brushed wool collars and cuffs or self colors. Seven popular shades to choose from.

At \$15.00—Fine Imported Wool Sweaters, in Tuxedo styles, fastened with long giraffe sash. Shown in purple, taupe, white and black.

At \$10.00—Smart Sweaters in heavy knit Tuxedo styles, trimmed with brush wool, patch pockets, and cuffs. Choose from sand, rose, trimmed grey and navy trimmed sand.

At \$18.95—Handsome Brushed Wool Sweaters, in coat styles with roll collar, sash and pockets. Popular colors, trimmed on skirt, pockets and cuffs with contrasting stripes.

At \$7.95—Smart Jersey Golf Sweaters, in Tuxedo styles, finished with belt and pockets; light and dark colors. Sizes 36 to 42.

At \$11.50—Fine Wool Jersey Sweaters, in Tuxedo style, with skirt, pockets and cuffs, trimmed with rows of pin tucks; scarlet only.

At \$12.75—Attractive Wool Jersey Golf Sweaters, designed in Tuxedo styles, with wide belt. Colors navy, sand, purple and black. Sizes 36 to 44.

## New Autumn Suits of Appealing Style and Price

The assortment is unusually large, and includes the numerous new styles developed from splendid quality velour and wool tricotine, in fashionable shades of taupe, reindeer, African brown, drake blue, navy and black. Designed in novelty and semi-tailored styles, featuring longer coats in straight graceful lines. Some are embroidered, while others are finished with cable stitching and buttons. Many have fur collars. All are well finished and beautifully lined. All sizes. Prices range from \$49.50 to \$69.50.

## Featuring Splendid Fitting Corsets at \$2.50

Models designed for all figures in a full range of sizes:

A splendid model for the slender figure, designed from the waist up in low bust style, with free hips, long skirt and four suspenders. Sizes 21 to 27. Price \$2.50.

Another model for the tall full figure, made of white coutil, with deep hips and four suspenders; embroidery trimmed. Sizes 23 to 28. Price \$2.50.

Sports model, with elastic round waist, deep hips and four suspenders. Sizes 20 to 26. Price \$2.50.

A favored model for the medium figure, with elastic at front of waist, slightly high at back. Sizes 20 to 25. Price \$2.50.

Matron's Corset of strong coutil, with elastic insets in skirt, four hose supports, and neatly trimmed; suitable for stout figures. Sizes 21 to 28. Price \$2.50.

## SOVIET ASSERTS WAR IS POSSIBLE

Tells Russian People That Poland and Roumania Are Contemplating Attack, With Support From France

RIGA, Sept. 19.—Dispatches from official Russian news sources reaching Riga today indicate that the entire population of Russia is being warned of the possibility of a new war with Poland and Roumania.

While the various Russian Government newspapers, such as The Pravda, make no positive predictions of war, their leading editorial articles, reiterate the charge that the French and the Poles are aiding General Boris Savinkoff, one of the anti-Bolshevik leaders in Southwest Russia, who is accused of directing bandits interfering with food supplies.

Neutral observers in the Baltic States who are watching the situation closely, express the opinion that neither Russia nor Poland would be able at the present time to carry out a conflict on a large scale.

## HALIFAX STEAMER SEIZED BY CUSTOMS

HALIFAX, Sept. 19.—The Royal Steam Packet liner Chignecto has been seized here by customs officials, following the seizure by the officers of two five-gallon tins of overproof rum and 24 bottles of the same liquor, which they discovered today in the quarters of the colored crew.

Guns were brought into play by the customs men and police who came to their assistance before they were able to complete their search.

At the gangway members of the crew demanded to know their business, but dispersed at the point of a gun drawn by one of the officers.

## WILL BUILD ITS CARS AT PLANT IN OSHAWA

NEW YORK, Sept. 19.—In a formal statement issued last night, the General Motors Corporation announced that the company had decided to concentrate the manufacture of all its export models, with the exception of the Cadillac and General Motors trucks, at the Canadian plant of the corporation, General Motors, Limited, Oshawa, Ontario.

The sales organization of the corporation's export branch will be located at Oshawa.

Caravans caught on the desert by sandstorms move obliquely through the storm in order to cross its path.

## PREMIER WILL MEET LABORITE MAYORS

GAELLOCH, Sept. 19.—Mr. Lloyd George has consented to receive the Laborite mayors of various London boroughs and discuss with them the unemployment problem.

Dr. Dawson, the Prime Minister's physician, tonight sent a telegram to the mayors, who are in London, that Mr. Lloyd George was sorry he had been unable to endure the fatigue of his reception would have brought about, but that, knowing the importance of the mission of the mayors he would promise to give them permission to interview the Premier at the earliest possible moment.

## EIGHT-HOUR DISPUTE IN SOUTH AFRICA

LONDON, Sept. 19.—A Reuter dispatch from Cape Town says that although mass meetings of railwaymen continue to protest against the administration's decision to increase the eight-hour day, their general attitude is very moderate.

Colonel Creswell, former labor leader in the South African Assembly, who lost his seat in the last election, deprecated the idea of a strike. He advised the railwaymen to organize with a view to projecting their interests in parliament.

## FIFTY YEARS AGO TODAY

(From The British Colonist of September 20, 1871)

The Overland Mail—Prior to the Prince Alfred was subordinated to make two trips per month between Victoria and San Francisco, no overland mails have arrived. Formerly we got a mail once a week, but the same, under the new arrangement, are despatched at San Francisco for the Prime Alfred instead of being forwarded by every conveyance to Portland.

Wells, Fargo & Company—This firm having increased facilities for forwarding letters, answers today that they have further reduced the price of telegrams to every point in the United States as follows: Three pence per word for twenty-five words, or twelve for a dollar. It is pleasing to observe that this concession from a company to give its customers the benefit of its enlarged facilities, and as rapidly and conveniently as delivery are its policy, its liberality will, it is felt, meet with that ample reward the public never fails to extend to such enterprises.

### DESPERATE PRISONER KILLS TRUSTY GUARD

LITTLE ROCK, Ark., Sept. 19.—Tom Slaughter, a notorious Oklahoma bandit, on Sunday added another chapter to his long list of crimes, when, in a sensational attempt to escape from the Arkansas penal farm, he killed one man and perhaps fatally wounded two others, all trusty guards, with a rifle smuggled to him by someone on the outside.

Billy Addison, draft evader, serving a 15-year sentence for a murder committed when a posse tried to capture him and other evaders in the mountains of Claiborne County, was killed. James Morris and Stewart Taylor, the other guards, were shot through the body, and are not expected to live. Sam Payne, a former Slaughterer, was also shot and wounded.

Discovery of gold was responsible for immigration to Australia.

## ANNOUNCES DISMISSAL OF POLICE OFFICERS

Commissioner Dr. E. Hall Confirms Prediction That Old-Time Members of Department Will Be Thrown Out

"Radical changes," as Police Commissioner Dr. E. Hall terms it, and which actually mean the dismissal of officers who for many years have achieved reputations as efficient and trustworthy members of the Police Department, will be made at tonight's meeting of the Board of Police Commissioners commencing at 7 o'clock.

Deputy Chief Thomas Palmer, for nearly thirty years a member of the department, and whose long service was recognized by the late Board by his elevation to the office of chief in succession to former Chief John M. Langley, but who, on the present Board taking office, was set back to the position of deputy chief, is now to be further humiliated and reduced. Dr. Hall stated yesterday in the intention to retain the deputy chief in the service, but in another capacity, as the office of deputy chief is to be abolished.

But while the Board, or rather Commissioner Hall and North, for Mayor Porter, apparently, is being wholly overruled by the other two commissioners in their efforts to create a new moral atmosphere for Victoria, have altered their original plan regarding the deputy chief and will not now, in the face of the announced public denunciation of their proposed step, dismiss him, no such consideration will be extended to Detective Inspector George M. Perdue, Detective Sergeant Carlson and Detective MacDonald and Sullivan, who are slated to walk the plank tonight. Further, other members of the detective department will, it is stated, be transferred to other duties, and thereby the threat of the two commissioners—loudly and frequently made, that the department will be cleaned out of the plain clothes branch, will be carried into effect despite the fact that so far not a single officer has been dismissed. The two commissioners to substantiate charges and insinuations which they have seen fit to level against the members marked for slaughter.

Citizens Aroused  
Following the announcement in The Colonist of Sunday morning, of the plan of the two commissioners, public-spirited citizens of the city, including every line of activity, have hastened to rally to the men, whose long service for the city is to be rewarded by instant dismissal, their opinions of the proposed step to be taken by Messrs. Hall and North. Members of the leading business firms of the city made clear their entire disapproval of the proposed ousting of men against whom, so far, the commissioners have failed to bring a single substantiated charge. The plea of economy upon which the changes were to be made, according to the original plans of the Welfare League and the equally important Citizens' League, are scouted by prominent business men. They hold that the present is no time to cut down the strength of the force, and the suggestion was advanced that if the Commission would eliminate the practice of paying stool pigeons at a rate of 14 per cent to do nothing and maintain the reform force, to an efficient standard, the city would reap real benefits.

It is likely that at tonight's meeting of the Commission a petition, being signed by those people of the city who have a real stake in the community and who resent the methods being adopted by the two commissioners, will be presented. It will request that a full investigation into the affairs of the department be held and opportunity given to those individuals who hitherto have been busy circulating charges and making insinuations against the members of the force to come forward and prove their charges. The officers slated for dismissal wish to meet their accusers and have a full inquiry into their past conduct on the force. They do not fear the probe, but they do fear being made the target of underhand attacks, to meet which they have been given no opportunity as yet, and, judging from the progress of the Board as enunciated by Dr. Hall in the press, such will not be granted.

Trouble Within League  
This so-called "Citizens' League" is a distinct body from the Welfare League, Dr. Hall announced. It is composed of supporters of Dr. Hall and some of Mr. North, though a considerable number have resented the fact that Dr. Hall had allowed himself to be so closely identified with Mr. North, and at a recent meeting this phase of the partnership was the subject of heated debate. In fact, the indignation of some members of the league became that they threatened to resign.

According to Dr. Hall, he and Mr. North take the Citizens' League into their confidence, though he asserts neither the League nor the Welfare organization in any way "dictate" to the Commissioners. At a recent meeting, Dr. Hall informs the press, the "provisional plans" of the two commissioners were presented to the league, but not for discussion. But no such courtesy was displayed towards Mayor Porter, who is chairman of the Board. The Mayor, so far, has been treated as a rank outsider by his two fellow-commissioners.

### OBITUARY NOTICES

HYDE—The funeral of the late Mrs. Rosella Eliza Hyde, whose death took place last Saturday at 852 Pandora Avenue, will take place this afternoon at 2 o'clock from the Sands Funeral Chapel. Rev. J. L. Batty will officiate, and interment will be made at Rose Bay Cemetery. The deceased lady was in her eightieth year, and was born in London, England, and is survived by two sons and two daughters.

HALL—The remains of the late Frederick James Hall were laid to rest in Rose Bay Cemetery yesterday afternoon. The cortege left the late residence, 520 Heywood Avenue, at 2 p.m. proceeding to the Metropolitan Methodist Church, where an impressive service was conducted

by the Rev. J. L. Batty. There was a large attendance of sorrowing friends and the casket was covered with an abundance of floral tributes. At the church the service opened with a quartette, "In the Sweet Bye and Bye." Two hymns were also rendered by the congregation, "Safe in the Arms of Jesus" and "Nearer, My God, to Thee." At the conclusion of the ceremony the casket was borne to the cemetery, followed by many motor cars filled with friends, who stood bare-headed while the clergyman pronounced the benediction over the casket. The following acted as pallbearers: Messrs. James Parfitt, J. A. Grant, Hugh MacDonald, E. A. Lewis, E. Sheret and Arthur Lee.

WATTS—The funeral of Henry Watts took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. Relatives and friends were present. Rev. H. V. Hitchcock officiated, and the pallbearers were Messrs. F. Kelly, A. H. Coulson, C. A. Coulson and B. Sepint. Interment was made at Rose Bay Cemetery.

GURNEY—The funeral of the late Joseph Edgar Gurney took place yesterday afternoon at 4 o'clock from the Sands Funeral Chapel. Rev. J. L. Batty officiated. Relatives and friends were present, and the casket was covered with beautiful flowers. Interment was made at Rose Bay Cemetery.

SOON—The funeral of Chan Soon took place from the Chinese Parlor yesterday afternoon and the remains were interred in the Chinese Cemetery with the usual Confucian rites.

STERRINGS—Many floral tributes and messages of sympathy from a host of Victoria friends were received at the funeral in Vancouver yesterday of Mrs. Mary Isabella Stebbings, wife of A. R. Stebbings, who died in the Vancouver General Hospital on September 14, aged 33 years. The officiating ministers at the funeral were Rev. J. S. Henderson and Rev. H. S. Osborne. The hymns sung were "Nearer, My God, to Thee" and "Abide With Me." Interment was made at Ocean View Cemetery. The late Mrs. Stebbings was well known in Victoria as a former member of the Metropolitan Methodist Church. She leaves to mourn their loss her husband and two sons, her parents, Mr. and Mrs. J. I. Staples, Victoria, and five brothers, J. L. E. A. and A. W. Staples, of Victoria, D. T., and Alfred Staples, of Los Angeles.

### EXHIBITION TRAIN WILL ARRIVE FRIDAY

Franco-Canadian Expedition Will Be Officially Welcomed—Chamber of Commerce to Entertain Visitors

The Franco-Canadian Exhibition Train, which will arrive in Victoria from the Mainland by C.P.R. ferry Friday morning at 10:30 o'clock, will be greeted, along with representatives of other public bodies, by members of the Foreign Trade Committee of the Chamber of Commerce, being absent in place of the Board of Directors of that organization at their regular weekly meeting held in the Chamber of Commerce building, Arcade Building, yesterday afternoon.

Considerable interest has been aroused in the forthcoming exhibition of "products of France," which are being shown in the French pavilion, to foster and encourage trade with their country and also to induce the Canadian Government to dispatch a similar expedition to France to also induce the people of that nation what Canadian products. The train will be stationed at the Belleville Street wharf, at the foot of Oswego Street.

Mr. E. W. Mayhew, chairman of the committee that will assist in welcoming the Exhibition Train on Friday afternoon, will be in charge of the party.

Arrangements for the reception of the delegates of the visiting party are now being completed, and after the departure of civic officials, headed by Mayor Porter, and members of the various organizations and clubs, have been held up in planning the show business of the company in the position it now stands. When I first assumed office, the employees numbered some three hundred; they now number over three thousand.

"I have always felt, apart from producing results, that a great responsibility rested upon my shoulders, and upon other persons holding similar positions, namely, that of developing the persons under me and when I set through my mind the present and the future of the company, I think of the various people now holding executive positions. I feel some satisfaction in that I have not entirely failed in my endeavor."

### GRATIFIED THAT ARCH IS ERECTED

British-American Association, Seattle, at Meeting Adopted Resolution Expressing Satisfaction

The British-American Association of Seattle at a recent meeting passed a resolution placing on record its gratification that a permanent memorial of the Hundred Years' Peace between Great Britain and the United States had been erected at Blaine, Washington, on the International Boundary. This memorial arch, they stated in the forerunner of the resolution which they passed at the meeting, was "the consummation of hopes and plans long nurtured, and was brought to a successful issue largely through the efforts of Mr. Sam Hill and others."

The following is the wording of the resolution:

Resolved, that The British-American Association of Seattle desires to place on record its great satisfaction that a permanent memorial of the Great Peace has at length been erected and duly dedicated.

Resolved, that this Association expresses the hope and the confident belief that the peace established between Great Britain and the United

## Gowns of Appealing Design for Afternoon or Evening

Even the materials are new and unusually lovely, numbering among others Nagasaki crepe, snake back satin, panne velvet, Canton crepe, kitten's ear and charmeuse.

And how different they are in design and ornamentation!

—In dinner gowns a creation of black panne velvet with jade trimming.

—Another of Nagasaki crepe with fluted cire ribbon and orange stitching.

—Or a gown of black crepe de jour, resplendent with sequins and rhinestones.

Prices of these gowns range from \$55 to \$85, with others from as low as \$25.

mission charge, and all Victorians will, it is hoped, take advantage of the opportunity to see first-hand what the Parliarian folk are able to make for themselves and others.

### PRESENTATIONS TO RETIRING OFFICIAL

Mr. H. E. Burbridge, Retiring Stores Commissioner, Receives Expressions of Appreciation from Company

On behalf of the Hudson's Bay Company, Sir Augustus Nanton, chairman of the Canadian advisory committee of the company, yesterday morning presented Mr. H. E. Burbridge, who retired yesterday from the post of Stores Commissioner, with an illuminated address, expressing appreciation of the official's valuable services. Mrs. Burbridge was presented with a set of silver fox fur, which were brought from the most northern trading post of the company. Mr. and Mrs. Burbridge were also presented with a handsome grand piano. In making the presentation Sir Augustus said in part:

"Mr. Burbridge came to the Hudson's Bay Company ten years ago. He was then a young man, and had experience in the old country, but his gifts were practically new to him here. His father was then living, known in the commercial world in Great Britain as one of the leaders, but unfortunately his death, seven years before the International frontiers between the United States and Canada had not needed the vigilance of one patrol nor the might threat of one fortress but that all the differences which have arisen between the two nations have been settled by amicable and pacific means."

Resolved, that we give thanks to God that for nearly one hundred and seventy years the Hudson's Bay Company, spread upon the minutes, and a copy sent to Mr. Sam Hill, Mr. John Oliver, Premier of British Columbia, Mr. W. W. Russell, of Victoria, B.C., and to the Vancouver, Victoria and Seattle press.

Resolved, that these resolutions be spread upon the minutes, and a copy sent to Mr. Sam Hill, Mr. John Oliver, Premier of British Columbia, Mr. W. W. Russell, of Victoria, B.C., and to the Vancouver, Victoria and Seattle press.

### RAILWAY OPENING MARRED BY DISASTER

CHRISTIANIA, Sept. 19.—The opening of the new Hovre railway in Christianand Province yesterday was marred by a serious accident to the train carrying the guests of the occasion, which was wrecked at midnight while returning from Trondheim, six persons being killed and a large number of others injured.

King Haakon and Crown Prince Olav went to Trondheim on the train with the guests, but decided to remain there overnight, and therefore were not on board the train when it was wrecked.

## City and District in Brief

**Violinist to Play**—Miss Izard, the popular Victoria violinist, will play at the Klwanis luncheon at the Dominion Hotel today.

**By-Law Tabbed Again**—The Cabaret By-Law, which was further amended last week and then laid upon the table, was stood over for another week by the City Council last night.

**Concert and Dance**—Western Star Lodge, No. 7, A.O.U.W., will hold a concert, including the farces "A Little More Cider" and "Mord's Alice," and dance, in Semple's Hall next Monday.

**L.A. to A.**—The regular monthly meeting of the ladies' auxiliary to the Army and Navy Veterans will be held this afternoon at 2:30 in the Hamley Building. All members are urged to be present.

**Delegate to Convention**—The Oak Bay Council last night appointed Chief of Police Syme the delegate of the municipality to the coming convention of fire chiefs, to be held in this city.

**Committee Not Ready**—Owing to the fact that the Industrial Committee was not ready to report on the matter, the City Council last night stood over the question of the woolen mill negotiations.

**Voting Date Chanced**—The Saanich Council last night changed the date of voting of the delegates who attended the recent meeting on the inter-municipal committee which considered again the inter-municipal cemetery question.

**Suggests Bowling Greens**—A suggestion by Mr. Walter Walker, mayor, that bowling greens be made in Stadcona Park, was referred to the Parks Committee by the City Council last night.

**Report Is Adopted**—The Saanich Council last night adopted the report of the delegates who attended the recent meeting on the inter-municipal committee which considered again the inter-municipal cemetery question.

**High Tower Falls**—The big diving tower, which was erected this summer at the Gorge by the Vancouver Island Athletic Association, was blown down yesterday. It was from this 100 ft. stand that Buck Calder made his sensational fiery dive.

**Put Price on Land**—Under new regulations approved by the Provincial cabinet, prices of lands in Land Settlement Areas Nos. 11, 12, 13 and 14, in northern central British Columbia, have been listed at from \$2.50 to \$10 per acre.

**Report Stands Over**—The report of the Mayor on the convention of the Union of B.C. Municipalities was laid over for another week by the City Council last night, as Alderman Fullerton desired a full Council when it was considered.

**Wants Money From Board**—The City Council last night instructed the city solicitor to inform the School Board that it must hand over to the Council all monies due the city, such as, etc. Comptroller Raymer pointed out that the board had no power to collect or hold such monies.

**To Meet Party**—The Mayor's plans for his meeting with the gentlemen who are coming with the French exhibition train and inviting them to attend the Exhibition, were endorsed by the City Council last night. The Mayor will meet the visitors at 10:30 Friday morning.

**L. A. to Army and Navy Veterans**—The Ladies' Auxiliary to the Army and Navy Veterans is resuming the fortnightly drives held last season, which were so successful. The first will be held next Wednesday evening at 8:30 in the Hamley Building. As usual there will be prizes for first, second and third prizes.

**Move to New Store**—The well known clothing firm, Frost & Frost, formerly of 1413 Government Street, have moved to their new store at 1302 Douglas Street, next door to the new Service Clear Store. Mr. Arthur Frost and Mr. Frank Frost, proprietors, are both well known in this city, having resided here for the past nine years.

**Victoria West P.T.**—The first meeting of the Victoria West Parent-Teachers' Association during the present school term will take place tonight at 8 o'clock in the Victoria West school. The chief business will be the election of officers for the ensuing year, following which there will be a general discussion on school problems.

**Fees Changed**—The Oak Bay Council last night dealt with a notice from the city which stated that the fee for isolation hospital cases from Oak Bay would in future be \$5 a day, with special nurses extra. In the past it has been \$3.55 a day, inclusive of everything. A committee was appointed to meet the city and secure information on a number of points that were not clear.

**Chapter Meeting Tonight**—A meeting of the Dr. O. M. Jones Chapter, L.O.E., will take place this evening at 8 o'clock sharp at the Jones Building. As this is the first meeting since the summer holidays, and as Mrs. David Miller, the chapter secretary, is to read a report concerning the National convention, a full attendance of members is requested to attend.

**Named Secretary**—By order-in-council passed by the Provincial cabinet yesterday morning, Mr. Frank B. Butler, who has been acting temporarily as secretary of the Provincial Game Conservation Board, has been permanently appointed to the position in the place of Mr. Reginald Howe, former secretary of the board, who has been appointed secretary of the Provincial Liquor Control Board.

**City Police Court**—Walter Kippett was fined \$10 by Magistrate Jay yesterday morning in the City Police Court for being intoxicated. Dr. H. J. Murray, Frank O. Morris, and Tony Morrison pleaded guilty to a charge of excessive speeding, and each paid the court \$10. A similar penalty was imposed upon Harry Moore for driving his motor without the requisite licence.

**Rate Cut on P.G.E.**—Approval of a reduction in freight rates on apples and lumber on the P.G.E. railway was given in an order-in-council passed yesterday by the Provincial cabinet. On lumber the cut applies to shipments from all points to Esquimalt, the tidewater terminus of the railway. On apples the reduction rates from Beton Station to Vancouver.

**New Appointments**—Mr. W. H. Kelly, of Vancouver, has been appointed a commissioner for taking affidavits in the Province; Mr. Walter Butterworth, of the Soldiers' Civil Re-establishment Board, is continued as a Commissioner for taking affidavits; Mr. Thomas A. Pettit, of Port

Graham, is named mining recorder for Uminia, in the place of Mr. William For.

**An Old Customer**—A case of "history repeats itself" was recorded in the annals of the Hudson Bay Store yesterday when Mrs. S. T. Hastings was among the early customers to enter the new store and make a purchase, having been one of the purchasers of the first store in 1858. Another interesting fact is that her family homestead was formerly on an adjoining site to the handsome new building.

**G.W.A.A.**—The report of the G. W. A. delegates to the amniation committee which conducted the recent mass meeting of returned men in the Pantages Theatre will be given at a meeting of the Great War Veterans Association, which will take place tonight at 8 o'clock in their quarters, Station Street. An executive meeting will precede the general gathering, taking place at 4 o'clock.

**Fire Does Damage**—Considerable damage was done by fire, in the premises of the Modern Macaroni Factory, Cornhill Street, just east of fire headquarters, on Sunday afternoon. The origin of the blaze is unknown. It was discovered by a constable who, on passing the premises, heard the sound of flames crackling and saw smoke issuing through the doors. The machinery in the premises was ruined and considerable damage done by smoke and water.

**Committee Congratulated**—A resolution congratulating the committee in charge of the first Gyro cabaret, held recently, and thanking Gyro Fournier, proprietor of the Gyro, or the Criterion Cabaret, where the affair was held, for his part in making the occasion the success that it was, was passed by the Gyro Club at its weekly luncheon yesterday. The Gyro orchestra, led by Professor Parlington, provided a musical programme. Municipal matters were discussed.

**Report Is Drapped**—Alderman Todd announced to the City Council last night that, contrary to the statement in the minutes of last week's meeting to the effect that the Council is committed to deal with and support progress on the consideration of the report of the Civic Reform Committee, his motion that the committee report be dropped was carried.

**To Report on Land**—Alderman Woodward asked at the meeting of the City Council last night what committee had jurisdiction over the six acres owned by the city adjoining the old Men's Home. He was told that it came under the Old Men's Home Committee, which was thereupon instructed to make recommendations regarding the property. Mayor Porter has already suggested to the Council that this land might be utilized as a camping site for motor tourists.

**To Meet Government**—This morning, Council J. Louet, president of the Union of B.C. Municipalities; Reeve Marston, of Comox, and Mayor Macdonald, of New Westminster, will wait upon the Provincial cabinet and submit a number of matters discussed at the recent session of the Union at Port Alberni. They arrived in the city last evening, owing to engagements which members of the cabinet could not break, the conference, proposed for yesterday, was postponed until today.

**Kumtiks Club**—At a meeting of the Kumtiks Club held last evening in the Alexandra Club, it was decided to hold a dance some time next month in the Alexandra House. A meeting in connection with the dance will take place on Friday at 8:30 o'clock in Miss Bowron's rooms at the Hal-moral Hotel. The constitution and by-laws of the club were brought before the members last night, and were accepted by the meeting. The next evening session will be held on October 17 at the Alexandra Club. Ten new members were elected last night.

**Will Send Delegates**—The Chamber of Commerce will send a local man to represent them at the next meeting of the Western Pacific Classification Committee, and will raise the necessary amounts to cover his expenses by taking up a subscription, was the decision of the Chamber of Commerce at their meeting yesterday afternoon. The Vancouver Board of Trade wrote the Chamber asking them to send a delegate to the Mainland body in paying the expenses of a joint delegate to represent the Coast cities at the next meeting of the committee.

**Women's Canadian Club**—Owing to the Fair Week, the usual meeting of the Women's Canadian Club, which should have been held this week, has been postponed until September 27. The speaker will be Ellen P. Dabney, Director of Home Economics in the Seattle public schools. The meeting will be the last before the annual meeting, and in accordance with the constitution only those members who have paid up their membership dues by this meeting will be entitled to vote at the annual meeting. Delinquent members are therefore reminded to come prepared to pay their dues or they will forfeit their vote.

**Capitol Theatre**—Music lovers should not fail to enjoy the privilege of hearing delightful excerpts from the Grand Opera "Martha" this week at the Capitol Theatre. Lillian Wilson, soprano, and Victor Edmonds, tenor, are the two artists, and the magnificent rendering by these two superb singers will long remain as a pleasant memory to those who attend the theatre this week. Miss Lillian Wilson is heard to great advantage in "The Last Rose of Summer," and the rich and beautiful tenor of Victor Edmonds blends with exquisite union

in the grand finale. "Martha" is perhaps the most popular of the operas yet presented by the Capitol Opera Company, and will be repeated at the de luxe performances every evening this week.

**Awakening of Britain**—Under the auspices of the British Empire League of Victoria, two meetings will be held next week at the First Presbyterian Church, Quadra Street, at 8 o'clock. Mr. William Pascoe Goard will be the speaker on both occasions, his subject on Tuesday, September 20, to be, "The Awakening of Britain," and on Wednesday, September 21, "Great Movements Impending Among the Nations." Mr. Goard was the speaker at the original meeting at the Empress Hotel, at which the Victoria branch of the League was formed. Mr. Massey, Premier of New Zealand, left the following message to the members before leaving on Saturday. "I feel that I know of nothing of more importance to the Empire and race than the work Mr. Goard is engaged in."

BUSINESS MEN'S  
CLASSES OPEN SOON

Opening Day September 26—Bright Outlook for Members Under Able Instruction

The boy's physical training classes are beginning tomorrow under the direction of Mr. W. S. Maguire, who has been with the Y. M. C. A. for exactly one year. The next week will see the opening of the Business Men's classes, and a compact folder is now ready for distribution about the city.

"Fitness is a state of well-being which practically all men may enjoy. With good digestion, steady nerves and normal vital organs, we are not conscious of their working. It is usually when these are disturbed that the doctor is asked for advice."

"Today the man who guides a business enterprise needs the mental alertness and abundant energy which are the products of a fit physical condition. If you have 'slowness,' get the gym habit," is Geo. McGregor's opinion. It is the object of the Y. M. C. A. to make better business men, that the country may enjoy more prosperity, and that individuals who attend the classes may benefit in every way.

The gymnasium schedule, which commences on September 26, is as follows: Senior Business and Professional Men—Mondays and Thursdays, 5:15 to 6:15 p.m. This class is specially for men of forty years and over.

Morning Business and Professional Men—Mondays and Thursdays, 10:30 to 11:30 a.m. A fine class period for men whose late afternoon is usually the busiest part of the day. Business Men's Evening Class—Tuesdays and Fridays, 6:15 to 7:15 p.m. A new class for the man in business up to six o'clock, who wishes his evenings free.

The officials who are connected with the men's division are: H. T. Knott, Esq., Chairman of the Men's Division Committee; Dr. M. W. Thomas, Chairman of the Physical Department Committee; W. S. Maguire, Esq., physical director, and Archibald McKinnon, Esq., assistant physical director.

Under such able trainers as the two physical directors the men's classes are bound to be very popular year, as the association is anxious to get organized and quickly so that they may get the classes going as soon as possible. For information regarding the Business Men's classes, all those interested may receive the folder by telephoning the Director, 5273.

SCOTTISH DAUGHTERS  
ORGANIZE LEAGUE

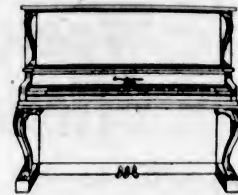

On Friday evening last, September 16, a new society was formed in Esquimalt, to be known as the Esquimalt Scottish Daughters' League. The aim of this society is to relieve Scottish women and children in distress, and to aid them in time of sickness. All members must be of Scottish descent.

A delegation from the Scottish Daughters' League in Vancouver assisted to give the new branch a good start off—Mrs. A. H. McRobbie, Mrs. J. Wright and Mrs. R. Aiken installed the officers and initiated forty-five new members. The officers elected were as follows: Honorary president, Mrs. George Wise; president, Mrs. James Nicol; first vice-president, Mrs. Butler; second vice-president, Mrs. Roger; secretary, Miss Williamson; financial secretary, Mrs. P. Lock; treasurer, Mrs. T. Scott; trustee, Mrs. A. Wallace; chaplain, Mrs. J. Dobie; usher, Mrs. G. Hansen. After the meeting a social evening was held, with songs and dancing. Miss Maori Matheson, Mr. J. Dobie and Miss Jean Dobie furnishing the vocal music, while Mr. Jack Rose enlivened the evening with selections on the harp. Mr. Dan Wallace presided at the piano, and gave great satisfaction. A most enjoyable evening, the forerunner of many others during the Winter months, was spent.

LONDON HAS BRANCH  
OF KU KLUX KLAN

LONDON, Ont., Sept. 19.—There is now being organized in London a Canadian jurisdiction of the Ku Klux Klan, and within a week, as evidence of the organization, there will be an automobile parade of charter members arrayed in the ghastly habit of the order, bearing on their breasts the red K. George Cross.  
One member of that party will wear the double red cross on a yellow field, showing him to be a representative of the Imperial Grand Dragon, who is the head of Anglo-Saxon Ku Klux Klan of the world.

## OBITUARY NOTICES

**LASH**—The death occurred at an early hour Sunday morning at the family residence, 844 Mason Street, after a lingering illness, of Mary Lash, wife of Joseph Lash. The late Mrs. Lash was 54 years of age and a native of Victoria. The remains are reposing at the Thomson Funeral Home, 1415 Quadra Street, pending funeral arrangements, which will be announced later.

### Fall Coat and Suit Modes

A great satisfaction is to be found in being one of the first women to wear a suit or coat in style for the new season. But there is double satisfaction in knowing that what you wear is not only absolutely correct in style, but is so far in advance that nothing newer will appear later.

Here are a few of the many interesting garments on display:

**Distinctive Suit of Navy Velour**, beautiful flared coat, gold stitching, collar and cuffs of grey squirrel, string belt with balls of grey squirrel, handsomely lined with silk, smart tailored skirt. Price \$95.00.

**Model Suit of Navy Veldette**, box coat, collar and bottom of coat trimmed with moleskin, shoe string girdle and crescent slip pockets, silk lined, tailored skirt. Price \$127.50.

**Stylish Suit of Sparrow Broadcloth**, in box coat, checkerboard trimming, collar and side panels of heaver, handsomely lined with pussywillow silk, smart straight lined skirt. Price \$135.00.

**Exclusive Model Suit of Sapin Blue Velour**, straight line coat with collar and patch pockets of moleskin fur, having insets of silver embroidery, narrow belt crossing in front, lined with novelty silk, straight lined skirt. Price \$115.00.

**Stylish Model Coat of Sapin Blue Veldette**, with mandarin sleeves and blouse back, handsomely embroidered in old Roman cut work, heaver collar and beautiful metal belt, handsomely lined. Price \$245.00.

**Stylish Fall Coat of Brown Veldette**, handsomely embroidered, new bell sleeve, narrow belt finished with beautiful tassels, satin lined. Price \$95.00.

### Girls' Smart Coats Attractively Priced

Girls' Smart Tweed Cloth Coats, in small broken checks, in blue and tan, or green and tan, Raglan sleeves with adjustable strap and buttons at wrist, loose box effect, slash pockets and turn-over collar. Price \$13.95.

Good Serviceable Coat Tweed Heather, deep roll collar, belt and Raglan sleeves, stitched turn-back cuffs, slash pockets. Price \$17.50.

Smart Model of Pekin Blue Velour Cloth, yoke back and front, high collar and sleeves trimmed with heaver and finished with loops and gird pearl buttons. Price \$24.50.

Novelty Coat of Taupe Broadcloth, with loose flare back and bell shaped sleeves, Beaverine roll collar, lined throughout with satin. Price \$47.50.

## TO THE PUBLIC

Owing to the huge crowds which thronged our store during yesterday's opening, it was beyond our power, even with our exceptional facilities and service, to give attention to all. We take this opportunity to express our regret, and hope that the public will appreciate the circumstances, with an assurance of a full measure of attention at all times in the future.

### These Jersey Silk Undershirts Quite New

There is quite a large assortment to choose from, showing deep or narrow flounces, in plain colors or in smart two-tone effects. Elastic fitted waistsbands. Come in shades of grey, Pekin, flame, Mohawk, brown, navy and black. Prices, \$4.50 to \$13.95.

## FASHION SHOW WAS FEATURE OF OPENING

Large Concourse Greeted Hudson's Bay Store When Doors Were Unlocked Yesterday Morning to Victoria Public

The tremendous success which attended the opening day of the Hudson's Bay store yesterday, commencing at 9 o'clock and continuing until 10 p.m., must indeed have been gratifying to the management in charge of the building on Douglas Street. An immense gathering of people was at the doors of the store early in the morning eagerly awaiting the opening, and throughout the day the numerous departments were crowded with purchasers.

Facilities for the out-of-town buyers have also been installed, and farms and outlying homes within the radius of twenty-five or thirty miles will be served with a delivery twice a week, while residents in the city, Oak Bay and Esquimalt may depend upon two deliveries daily. The management has also announced that special attention will be given to telephone orders.

The Hudson's Bay orchestra dispensed a very fine musical programme during the day on the mezzanine floor, and at the tea hour a large number of ladies were the guests of the store early in the morning eagerly awaiting the opening, and throughout the day the numerous departments were crowded with purchasers.

Winter Fashion Show  
Rarely has a more thoroughly delightful hour and a half been spent by purchasers and admirers than that which took place yesterday between 3 o'clock and 4:30, when the newest styles in evening gowns, afternoon frocks, costumes, wraps, sporting suits, and raincoats, were exhibited on living models. With these were worn hats of the designer—millinery that spoke of Paris, London and New York.

The first model who appeared was gowned in a magnificent evening dress of tulle, tulle, with pictureque old-fashioned bodice, trimmed with old gold lace, and patterned skirt, with this was carried one of the season's novelties, a black feather fan.

Following this gorgeous creation came a dainty girlish frock of kingfisher blue, trimmed with silver lace, which was carried a feather fan of pink.

Another gown was of pink tulle, with bodice of pale pink trimmings, and belt completed with exquisitely colored French flowers, and a cascade of pink tulle fell gracefully from the waist to below the hem of the dress. A creation of pale pink and silver was worn by a model, and another striking gown was of mauve tulle, with a bouffant effect, with beige sleeves, jet comb finished this charming toilette.

The lingerie and negligees are under the charge of Miss McLaren.

The Hudson's Bay evening parlors were responsible for the culture of the models, and magnificent jet and jeweled novelties from the millinery department were worn to great advantage. The models in the window had also been coiffed by the hairdressing parlors.

Following the gowns was a display of negligees and tea gowns. Pastel shades in crepe de Chine and silk were among the most beautiful, while one model of smoke blue with pleated wrap effect, and killed skirt, fastened with French flowers, was greatly admired.

Miss Grimson is in charge of the departments devoted to evening gowns, frocks, suits and costumes.

Millinery a Feature  
The hats which were worn by the models were extremely fashionable and very beautiful. Miss Workman, who is well known to Victoria's purchasers, is in charge of the millinery department, and has succeeded in placing very handsome hats before the public. Worn with a lovely dinner gown of chantilly lace and silver was an exquisite hat of panne velvet, turned up at one side, with softly falling grey feather. A chic red velvet French model trimmed with artistically colored French flowers, and completed with a dark blue veil terminating in a velvet scarf, was worn by a model who appeared in a dress of blue tulle, with heavily embroidered vest in shades of red.

A magnificent flame-feather adorning a hat of the same shade added charm to a handsome blue motor crepe frock, embroidered with silk, with which the model wore a fox fur.

Magnificent Fur Show  
Exclamations of appreciation greeted the model who exhibited a copper seal coat complete, with triple cape effect. It will be of interest to those who saw this creation to know that the model carried \$4000 worth of pelts and fashions, gracefully wrapped around her, with which she wore a smart closely fitting hat, turned up in the front, and adorned with a copper seal.

Full length and three-quarter length fur coats were shown, in seal, with extra large shawl collars and deep bell cuffs of Alaska sable, and French seal models with cuffs and cape collars of the same. Mole skin coats were also exhibited, and notes of mole, squirrel, fox and bear. Mr. R. Charles Gordon is in charge of the fur department.

The remainder of the fashion show was devoted to the exhibiting of coats and wraps of rich velours, Normandy cloth avara, and marvellous, and trimmed with handsome collars of astrakhan, opium, mole skin, Hudson seal and beaver. Sporting suits for golf were also shown as were also raincoats.

The management wish to announce that owing to the large attendance of spectators yesterday afternoon at the

Mrs. C. P. Hill, 908 St. Charles Street, was a tea hostess on Saturday afternoon.

Mr. and Mrs. C. Bridges are visiting in this city from the Terminal City for a few days.

Mr. and Mrs. R. W. Galbraith, of Vancouver, are spending a few days in this city.

Miss Eleanor Maxwell, of Patricia Bay, is the guest of the Misses Pitts, Rockland Avenue.

Mr. and Mrs. Rutherford, of Victoria, were visitors in Vancouver on Sunday, en route to Winnipeg.

Mr. H. Hayley of Calgary and Bordeaux, France, is spending a few days visiting in Vancouver Island.

Mr. John Barnley, Vancouver, manager of the Union Steamship Co., paid the capital a business visit last week-end.

Mr. F. C. Gamble has been spending the week-end with his son and daughter-in-law, Mr. and Mrs. C. W. Gamble, Deep Cove.

Mr. Thomas M. Seeds, Jr., and Miss Alice Seeds, of Philadelphia, Pa., are sojourning at the Dominion Hotel during their visit to Victoria.

Miss Gertrude Hickey, on Sunday, arrived overland from San Francisco, where she had spent a few weeks' holidays with relations.

Mrs. B. C. Walker, Mrs. Jennings, Mr. W. Walden and Mr. Marriot are in charge of the Civic Club display at the Victoria Exhibition, which is being held this week.

Mr. and Mrs. G. C. Grant (nee Miss Faith Leeder) are in the city for a few days, the guests of Dr. and Mrs. Leeder, Rockland Avenue.

Mr. and Mrs. Edward Hodder (nee Miss Mildred MacEachern, of Vancouver) have returned to town and have taken up their residence at "Brightlight," 59 Menzies Street.

Mr. William Agnew is in St. Joseph's Hospital, where he underwent a serious operation on Sunday. He is reported as making quite satisfactory progress.

Miss Peters has returned to her home at Esquimalt, after spending the past fortnight at a bant and the Okanagan Valley, where she accompanied Mrs. F. W. Peters, Mrs. Taylor Wood and Miss Dorothy Langford, of Vancouver.

Mrs. Reid, of Cowichan, who has been spending the past few weeks in Victoria at Hill House, James Bay, passed through Vancouver en route to North Vancouver, where she will visit with the Rev. Keeling and Mrs. Keeling.

Mrs. H. T. Wilgess, who was recently in Victoria, visiting her son and daughter-in-law, Mr. and Mrs. Frank Wilgess, of Newport Avenue, has left for Vancouver, and is staying at the Glenora Lodge. Mr. and Mrs. H. T. Wilgess expect to leave shortly for their home in the Orient.

Mrs. J. Rithet of Glenside, Rockland Avenue, who has been spending the past few months visiting in the Eastern States is expected in the city today. Mr. Rithet left on Sunday to meet his wife in Seattle and will return today, accompanied by his daughter and Mrs. Rithet.

Mr. N. E. Shaw, Vancouver; Mrs. Robert Syme and Mrs. Robert Rae, Crofton, B.C.; Mr. E. S. Bushby, Ottawa; Mr. E. H. Savage, Seattle; Mr. and Mrs. Fred A. Paul, Vancouver; Mr. and Mrs. W. C. Snider, Seattle; Mr. J. L. Gaskill, Vancouver; and Mr. H. M. Small, and Mr. P. A. Young, of Toronto, are visiting at the Westholme Hotel.

Yesterday's arrivals at the Strathcona Hotel included Mr. John W. Bower, Seattle; Mr. E. A. Johnson, Vancouver; Mrs. James Baxter, Vancouver; Mr. and Mrs. William Woodland, Seattle; Mr. Howard Campbell, Vancouver; Mr. and Mrs. F. Westcott and baby, Vancouver; and Mrs. J. Cuppings, Duncan; Mrs. W. G. Reott, Vancouver; Mr. and Mrs. C. Elliott, Seattle; Mr. A. M. Dawson, Winnipeg; and Mr. and Mrs. G. W. Fortune, of Vancouver.

Among the guests at the Empress Hotel are Mr. L. A. Campbell, Rockland; Mr. A. C. Colman, London, Eng.; Mr. and Mrs. H. N. Thomson, Vancouver; Mr. and Mrs. W. R. Lawrence, Seattle; Mr. F. H. Walsh and Mr. F. J. Walsh, Ottawa; Mr. Miles P. Cotton, Vancouver; Mr. Jack Louie, North Lonsdale, B.C.; Mrs. C. W. Somers and Miss Somers, New York City; Mr. A. F. Farley, Calgary; Mr. W. S. Charlton and Mr. J. W. H. Fraser, of Vancouver.

Miss Helen Bennett, Trutch Street, was the hostess at a farewell tea on Friday afternoon, prior to her departure for Vancouver, where she is going to take a course at the University of British Columbia. Among the invited guests were the Misses Anna McBride, Mabel Rhodes, C. Buchanan, Margaret and Mary Campbell, Vireen Combe, Betty Robertson, Owen Hudson, Alice Nash, Helen Forman, Dorothy Holmes, C. Ross, Audrey Topp, D. Norris, Katherine Fraser, Helen Macdonald, Naomi and Patay Heming and K. Collison.

A surprise party and miscellaneous shower was given on Saturday evening at the home of Mrs. Hemming, Elmaven Avenue, assisted by Mrs. J. Florence Rillard, in honor of Miss Florence Rillard, whose marriage will take place tomorrow. The bride-to-be was the recipient of many beautiful and useful gifts. A very pleasant evening was spent in music and dancing, and at eleven o'clock a dainty supper was served by the hostess.

the evening being brought to a close with good wishes for Miss Rillard's future happiness.

Mr. and Mrs. William J. Hardwick and Miss R. Rayment, of Oakland, Calif.; Mr. and Mrs. H. H. Pontifex, Vancouver; Miss R. Hamilton, Winnipeg; Mr. W. J. Sheppard, Nelson, B.C.; Mr. J. N. McFadden, Cornwallis, Ore.; Mr. and Mrs. J. M. Dunn, Mrs. Mount and Mrs. A. D. Drake, Knoxville, Tenn.; Rev. H. Payton, Satorus Island; Mr. H. W. Chambers, Vancouver; Mr. and Mrs. Good, New Westminster; Mr. J. C. Johnson, Seattle; Mr. W. A. Davis, Randall, Wash. and Mrs. C. E. Nelson, Vancouver, are among the guests at the Dominion Hotel.

Mrs. D. E. Campbell, 1029 Linden Avenue, has very kindly lent her home for the first tea-musical of the Ladies' Musical Club, which is to be held on Saturday afternoon next from 3:30 to 6 o'clock. As this will be the occasion of the first meeting of the club members and intending members for the new season, 1921-22, it is expected that an unusually large number will attend, the primary object of this first tea being to introduce the ladies to the club and to each other, and to receive subscriptions for the year. Membership tickets will be available, also the new year book of the society. A very enjoyable programme has been arranged.

## SALT SPRING

Last week Miss Frampton, of Victoria, took a position on the staff of the Gulf Islands Hospital, Ganage.

Mrs. Bowden returned to her home at North Salt Spring last Saturday.

Miss H. Cartwright is a guest of Mr. and Mrs. Frank Crofton, of Ganage.

Mr. Wm. Sutherland, of Ganage, leaves on Wednesday for the Bella Coola district, where he intends spending a month.

Captain and Mrs. A. C. Alan Williams, accompanied by their little son, left Ganage on Monday for Victoria, where they intend staying until the end of the week.

Mr. E. H. Stretton of Ganage, leaves on Tuesday for Victoria, and afterwards Cowichan Station, where he will be the guest of Mr. and Mrs. John O. Walcott for a few days.

Miss Poules, of Norfolk, England, arrived on the island last week from Medicine Hat, and has taken up duty as matron at the Gulf Islands Hospital, Ganage.

Mr. and Mrs. J. H. Atkins, who have recently been living at Langford, arrived on the island last Thursday and have taken up residence for the winter on Mr. Kingdon's property on St. Mary's Lake.

The marriage took place quietly last Wednesday, in Vancouver, of Mr. Litchfield Howden, only son of the late Mr. John Bowden, of Exeter, Devonshire, and Mrs. Bowden, now of Brighton, Sussex, England, and Miss Violet Penzance, daughter of Mr. and Mrs. Tom Penzance, of North Salt Spring.

The marriage was officiated by the Rev. Mr. John Bowden, of Exeter, Devonshire, and Mrs. Bowden, now of Brighton, Sussex, England, and Miss Violet Penzance, daughter of Mr. and Mrs. Tom Penzance, of North Salt Spring.

## Business Revival Week

NEW YORK, Sept. 19.—A business revival week, during which merchants, hotels and restaurants would be asked to reduce prices and rather in an effort to stimulate buying, was being planned today by the mayor's committee on unemployment.

The first successful moving picture was shown at Richmond, Ind., June 6, 1894.

Proven best for 63 yrs.  
**For baby at weaning time**

## SEES GREAT FUTURE FOR CARIBOO COUNTRY

Resources Are Endless—Wonderful Fishing and Hunting—Only Drawback Is Bad Roads, Says Prospector

Mrs. J. Kennedy, a woman who has resided for the past seventeen years in Victoria, and who, though she holds a prominent position in educational circles of the city, is somewhat of a traveler and prospector, returned lately from the Cariboo country, telling a very interesting story of the possibilities and resources of that particular portion of British Columbia.

Mrs. Kennedy has made two trips into that district of goldseekers' hopes, and is firmly convinced that there is a great quantity of the rare material in the country and that it could be mined if there was only proper road connection with the outside world. "The roads are in a fairly good condition until one reaches a point fifty miles from Hazelton, but from that place onwards they are in poor shape," declared Mrs. Kennedy.

Gold mining is carried on under great difficulties, but to a rather large extent, she stated, the main drawback being the lack of water and transportation facilities. Several companies have managed to get water from the higher levels, after making lengthy pipe connections, but there is only one that has been successful in getting a large pump into the country. Mr. Kennedy was responsible for this achievement, and deserves great praise for it, as the work was carried on under heavy handicaps.

**Wonderful Fishing**  
"I am quite certain that railway connection with that wonderful country would be of immeasurable value," stated Mrs. Kennedy, "for the timber, cattle and mining possibilities are there in abundance." The land around Hazelton Lake, particularly, may be cleared and made ready for ploughing in an incredibly short space of time. An acre may be put in a condition ready for cultivation in three days, she believes.

"The wild fruits that we found in abundance in that country are simply wonderful. Blueberries grow there in a wild state as they do in our cultivated gardens at home. There are Saskatoon berries, blueberries and a dozen other delicious varieties, and one may stand in one place and fill a five-pound pail in ten minutes. I should think that these berries would sell extremely well if they could be transported into the cities, but the trouble is it would take so much time and labor to get them to the train, as conditions now are, to make such an enterprise a paying proposition."

"At the north end of the Hazelton Lake is some of the most wonderful timber I have ever seen, and I have seen a great deal. The cedar, birch and cottonwood are thick and grow to a very great height. The birch bark I brought home with me, which is of all thicknesses, would make beautiful paper for bookbinding and I should think that it might be brought out easily, and that it would prove a very popular decoration," said Mrs. Kennedy.

"Then there is the game. Bears, deer, caribou and all sorts of fur animals, including beaver, otter, skunk and fox, are plentiful. I have seen animals trapped just outside the cabin door, and while we were inside bears would very often come poking their noses in the door."

"The fishing in Hazelton Lake is the most wonderful that I have ever heard of or seen. Old-timers in the country say that there have been forty-pound trout caught in the lake. I can't testify to the truth of this statement, but a twenty-eight-pounder was caught by a friend of mine."

"The bird shooting is another attraction to hunters and tourists, and there are many wild swan, geese and others are thick in that country. Moose are there, too, great big fellows, that make a really exciting chase both when you are behind and in front. At the present time there are men interested in attracting tourists and hunters to the country who are cutting a trail to Hazelton to facilitate sportsmen on the hunt."

"There is accommodation for about thirty people at the Cariboo Lodge, on Hazelton Lake, which is the centre of the fishing and game district. Guides are always plentiful and reliable. The surroundings and the scenery are wonderful, the lake being of crystal clearness and in a sheltered position. There are launches and rowboats for the use of visitors who desire to visit the stream which are thick with hard-fighting trout. In truth, Hazelton Lake is a hunter's and fisherman's paradise."

"When one realizes that the journey from Hazelton to Hazelton Lake only takes thirty-six hours and that the return ticket for the trip costs only about thirty-five dollars, there is an added attraction. There are always conveyances to meet the train and carry the passenger to a scene of activity and pleasure in a land full of opportunities and resources. I can't say too much about Hazelton."

## BOYS' NAVAL BRIGADE

Weekly Orders  
Tuesday, Sept. 19, 7:00 p.m.—Port watch and special class at Old Drill Hall, Menzies Street.

Wednesday, September 21, 4:30 p.m.—Home Product Building, Fair Grounds, special class.

Thursday, September 22, 7:00 p.m.—Starboard watch and special class at Old Drill Hall, Menzies Street, navigation class.

Saturday, September 24, 5:00 p.m.—Home Product Building, Fair Grounds, special class.

Grounds, special class. All will attend at the Home Product Building every day this week at 4:30 p.m.

Duty roster officers: J. O. Robinson, L. R. Brown, and B. Forbes.

## FAMOUS LIFEBOAT TO BE EXHIBITED

Canadian Importer's Boat, in Charge of Cadets, to Be Seen at Home Products Building

Victorians will have an opportunity to see in the Home Products Building at the Fair the lifeboat of the Canadian Importer which left the disabled steamer hundreds of miles at sea manned by a crew under Second Officer Alfred Laird to secure aid. Cadet Ronald Nesbitt, who was in the boat during her perilous trip of 850 miles and Cadet Robert Nunn, who remained on the Importer, will be on hand to tell of the experience through which they went. Mr. P. A. Hayner, secretary of the Victoria branch of the Navy League, will have charge of the exhibit.

This special attraction for those who attend the Fair is announced by Mr. George I. Warren, who is managing the Home Products Building. He states that the lifeboat was secured through the courtesy of Capt. Finlayson, marine superintendent for the Canadian Government Merchant Marine, and the officers of the Canadian Importer.

## SPEAK FOR AMITY BETWEEN NATIONS

Sir Charles Hibbert Tupper, K.C., and Judge Freeman Address Meeting Called by British-American League

A plea for the submergence of petty prejudices and the maintenance of a spirit of close friendship between the United States and Great Britain which have long been at peace with each other, formed the keynote of two addresses given Saturday night at a public meeting held in the ballroom of the Empress Hotel under the auspices of the British-American League. The speakers of the evening were Sir Charles Hibbert Tupper, K.C., and Judge Freeman, an American citizen who has been a resident of this city for some years.

Major Wendell H. Shaw, president of the League, presided. Upon the platform in addition to the principal speakers of the evening there were Mr. Harry Charlesworth, Mr. A. C. Plummer, Mr. George Bell, Mr. R. B. Mosher, American Consul, and Mr. C. T. Cross. There were several hundred people present.

It was the purpose of the League of Nations to make war impossible. If that could be done by human agency, at least between the Anglo-Saxon people, declared Sir Charles Tupper, it would be the most important of the coming millennium. The League of Nations is a recognition of the Anglo-Saxon people's desire for peace. Before the war there had been an organization formed in this country, having within its ranks some of the ablest men of the United States and Canada and bearing the name of the American League for the Judicial Settlement of Foreign Disputes. It was in the forefront of addresses given by members of that organization had been placed the example of the League of Nations. Matters had been brought to a very happy point when the war broke out. Celebrations over the maintenance of peace between the two countries were to have been held, and even after the great conflict began, celebrations did take place in certain parts of the States, giving the League of Nations a recognition of the past principle distinguishes the Anglo-Saxon from all other races. We Americans for I am an American are sons. The British are our fathers. All our ideals, all that is good within us, has been inherited. Judge Freeman pointed out what Americans should learn from the League of Nations. "Here and there some man gets up and tries to claim that some animosity exists between us," went on these gentlemen, "let us say to these gentlemen, 'Get out!'"

Mr. George Bell, organizer of the British-American League, told briefly the objects of the organization and made a plea for public support.

In his opening remarks, Major Shaw said in part: "This League has been formed to maintain and strengthen the ties of friendship which now exist and to offset the influence which seek to create friction and to cause trouble. We realize that Canada is the door of the British Empire, which connects with the United States, and that it is the duty of Canadians to play a prominent part in the maintenance of the friendship which now exists and to offset the influence which seek to create friction and to cause trouble. We realize that Canada is the door of the British Empire, which connects with the United States, and that it is the duty of Canadians to play a prominent part in the maintenance of the friendship which now exists and to offset the influence which seek to create friction and to cause trouble. ## HAS HEADACHE CURE AS WELL AS WHISKY

Harrison Line Ship Collegian  
Brings Thoughtfully Ar-  
ranged Cargo From Glasgow  
—Big Shipments of Both

VANCOUVER, Sept. 19.—Drinks for the boys and candy for the girls: Five thousand cases of Scotch whisky for the British Columbia Liquor Control Board and 5,000 tons of Demerara sugar for the refinery. This is the cargo brought to Vancouver Saturday by the Harrison Line ship Collegian, Captain H. H. Pugh. At the estimate of twelve bottles to the case and the twelve cases to the bottle, this means exactly 720,000 quarts of bottled whisky in store for the thirty cases of British Columbia.

But the Collegian is nothing if not thorough. As one would judge by her name, she is a studious and thoughtful ship. In addition to the above cargo, she is unloading a goodly quantity of a well-known brand of headache cure.

It is Captain Pugh's first visit to this part of the world, but the Collegian is no stranger here. She left Liverpool less than a month and a half ago with her cargo of wet goods, stopping at the Cape Verde Islands, then taking on her sugar, and then steamed here via the Panama Canal. Halford, Guthrie & Co., local agents, report that a good return cargo of salmon and lumber for the United Kingdom has been arranged.

**Other Arrivals**  
In addition to the Collegian, there are five other deep-sea vessels which arrived in port Saturday. The Blue Funnel liner Ixion, Captain J. Ogden, is berthed at the C.G.M.M. wharf with a big cargo of Oriental goods. The Florence Luckenbach, Captain C. E. Green, is loading for New York at pier D. The Delagoa Maru, Captain V. Kinnaird, is discharging many sacks of peanuts and other cargo at pier A. The Manila Maru, Captain V. Kinnaird, is busy loading and unloading at pier D. The last, but not least, is the Canadian ship, Captain A. J. Hosken, is at pier A, discharging a full cargo of silk, tea and other Oriental merchandise.

Because of the limited space in the harbor is the C.G.M.M. dock. Five vessels are berthed there and every available space is occupied. On one side of the dock is the Canadian ship, Captain V. Kinnaird, is at pier A, discharging a full cargo of silk, tea and other Oriental merchandise.

ATLANTIC LINERS  
RUN BEFORE STORM

Lifeboats Carried Away and Sailors Injured Aboard La Savioie—Baltic Compelled to Slow Down Speed

VESSEL RUNS AMUCK  
WHEN ENGINES FAIL

ASTORIA, Or., Sept. 19.—As the steamer Admiral Evans, arriving from Portland, was docking at the North wharf, about 6 o'clock Sunday morning, her engines refused to work. An anchor and four fathoms of chain were dropped. This did not check the steamer, and her stern crashed against the motor schooner Crabby, which was moored at the Columbia River Packers' Association dock and also hit the dock.

The Patsy's bow was smashed, but whether or not she was damaged below the water line is not known.

The docking of the Packers' Association wharf was torn up for a short distance, a few stringers broken and a portion of the roof of the warehouse demolished. The Patsy in turn was thrown against the Standard Oil Company's wharf, breaking a few pilings.

Later and before the Admiral Evans was brought under control, her bow struck the Schmidt & Co. wharf, doing slight injury.

The upper works of the Admiral Evans' stern were smashed and four or five of the upper plates were either cracked or bent. She was not injured below the water line, and after being surveyed here was allowed to proceed on her way to San Francisco. No definite estimate of the amount of damage has been made, but it probably will total \$2,500 or \$3,000.

### Omelet—delicate and fluffy —Inviting to the most fastidious taste

Made with doubly rich  
Carnation

4 eggs, whites and yolks beaten separately, 1 cup of Carnation Milk mixed with 4 table-spoonfuls of water, 4 tea-spoonfuls of cornstarch, dissolved in a little cold Carnation Milk, 1 tea-spoonful baking powder, and a little salt. Add last the whites, beaten to a stiff froth. Cook in a little butter. This will serve four people.

Send for Carnation Cook Book containing 100 practical tested recipes. Carnation Products Co., Ltd., Union Bank Building, Victoria.

The double richness of Carnation makes any food prepared with it more nourishing. One tall can of Carnation contains as much butterfat as one full quart of milk. Dilute Carnation with an equal amount of water in any recipe calling for ordinary milk.

All Grocers Sell Carnation Milk "From Contained Cases"

### CHAMBER OPPOSES IMPORTATION TAX

Directors Object to Consular Officer Being Appointed to Examine Goods From Foreign Countries

The directors of the Chamber of Commerce strenuously objected yesterday to the announced intention of the Dominion Government to make it compulsory for goods valued at over \$100 imported into Canada being examined by a consular officer, and will notify Ottawa to that effect at once.

The meeting considered a letter from the Department of Trade and Commerce at Ottawa, which informed the Chamber of Commerce of the proposed method of examining imports coming into Canada. Mr. J. H. Beatty, the chairman, stated that representatives of the wholesalers and retailers were present, who would outline the stand that they took in respect to the new tax, which would mean an additional \$2.50 being charged to the importer.

Mr. C. W. Schwenger declared that he was voting the opinion of the wholesalers when he said that the only person who would benefit by the new imposition would be the Canadian manufacturer. "The whole principle is bad," Mr. Schwenger stated. "The government should not take such an action which would raise the cost price. While the merchant would only have to add the tax to the cost of the goods, the consumer is the one who must foot the bill in the end."

"I'm not kicking against the manufacturer wanting a higher tariff. It would be far better for the government to add the tax to the invoice than to pay a useless fellow to stand around and watch the goods over the value of one hundred dollars," Mr. J. H. Cameron stated, adding that if a person thought that such a tax was going to

encourage business, he would have to disagree with him.

Mr. A. E. MacLean and Mr. Herbert Kent both expressed the belief that such a tax would close the door of business from outsiders, and that if Americans should add the tax to bills, the Canadian importer would have to pay extra duty as well as additional exchange, which, they considered, would be most unfair.

The action opposing the present intention of the Dominion Government in appointing consular agents to collect these taxes was undertaken upon the motion of Alderman A. L. Todd, seconded by Mr. J. O. Cameron.

### AT CHURCH PARADE

Scouts Attended Services at St. John's on Sunday Morning—Water Sports Saturday Next

By common consent the Boy Scouts on Sunday elected to go in a body to St. John's Church when they met for parade. About one hundred and fifty Scouts gathered at the corner of Pandora and Cook Streets, in charge of Commissioner Scuderi and marched to St. John's, where they listened to a very encouraging address by Rev. E. A. E. Chadwick on "The Relation of the Scout Movement to the Needs of the Present Day." Afterwards the procession re-formed and paraded back to Vancouver Street, where the boys were dismissed. The island scouts returned home by yesterday afternoon's train, having enormously enjoyed the field day sports and the subsequent day's hospitalities in the city.

The next event in which the Scouts will unite in giving a programme will be at the water gala which is to be held on Saturday afternoon at the V. I. A. A.

### Heads World's Great System

MR. E. W. BEATTY, K.C.  
President of the greatest transportation company in the world.

### C.P.R. PRESIDENT VISITS VICTORIA

Mr. E. W. Beatty and Distinguished Party of Financiers Reach City—Confident of Turn in Financial Tide

On his second visit to Victoria, since he achieved the high office of president of the C.P.R., the premier railway organization of Canada, Mr. E. W. Beatty, K.C., president of the Canadian Pacific Railway Company, reached Victoria yesterday on an official tour of the great railway system, the last leg of his transcontinental tour.

Arriving on a special steamer from Seattle, where he and his party spent Sunday, Mr. Beatty will leave this morning on his return to the mainland and thence east to Montreal.

On matters of local interest the president was reticent. As for the company's plan relative to the Songhees terminal developments and as to new quarters at the C.P.R. wharf, projects which for the past three years have been contemplated, nothing confirmative from the head of the great railway system was forthcoming, but it was intimated that decisions in such matters would later be announced by the local representatives of the company.

**Busy Day in Victoria**  
The president of the C.P.R. spent a busy day in Victoria. Arriving by the C.P.R. steamer Princess Adelaide from Seattle where he and his party spent Sunday, Mr. Beatty was received on arrival by local representatives of the company. He was one of the guests at the luncheon attendant upon the opening ceremonies of the new Hudson's Bay Company's store here, and, following that ceremony, the C.P.R. head motored with members of his party to the famous Bligh Gardens, returning to the Empress Hotel at 3:30 p.m. in time to prepare for a reception at Government House last evening. This morning the distinguished party will leave for the mainland en route for the East.

Beyond a brief conversation with Premier Oliver at the luncheon at the new Hudson's Bay Company's building yesterday, Mr. Beatty had no conversation with the Premier relative to railroad matters in general or the P.E.I. in particular. Mr. Beatty made it clear that his present tour was one wholly of inspection, and what may be the plans of the company in the near future would be disclosed, he stated, from Montreal on his return East.

Concerning the steps taken by the company to explore the mineral resources of the E. & N. railway belt, a step approved following representations by the Provincial Department of Mines, the development of the terminal areas on the Songhees Reserve, and the erection of new wharf office quarters, were questions, Mr. Beatty stated, of which announcement may be expected later, but at present he made clear, he has no pronouncement to make.

**Victoria in Mind**  
"We have Victoria in mind," stated Mr. Beatty but beyond that cryptic utterance he was not prepared to go.

As head of the first railway corporation in Canada, and, indeed, the premier transportation company of the entire world, Mr. Beatty, who has reached his present position at an age which to the average man is youthful, shows no signs of the burden of responsibility which has been placed upon him. He was in Victoria a little over a year ago, just after he received the merited promotion to the premier position in the railway world, and he is still as youthful, as eager and enthusiastic as ever. The fact that Mr. Beatty was enabled to participate in the opening of the new Hudson's Bay Company's store here at yesterday's luncheon appeared to be greatly pleasing to him. In such ceremonies he was joining in an event, one of the milestones in the history of a great commercial company, a pioneer in the great West long before the great railway concern headed by Mr. Beatty was projected. The C.P.R. party spent Sunday in

Seattle, where the president and directors discussed proposed dockage changes there to cope with increased traffic.

The party was taken from Vancouver to Seattle on the Princess Adelaide Saturday night. The Ade- lades brought them on to Victoria early yesterday morning. The president reached the Empress Hotel at 9:30 o'clock. He discussed island and coast railway business with Mr. H. C. Colman, vice-president, H. M. Beasley, general superintendent of island lines, and Capt. Truitt, manager of the B. C. coast steamship service.

The whole party went to the Hudson's Bay Company's store just before 1 o'clock to attend the luncheon there to celebrate the opening of the store.

MR. D. C. HOFFMAN  
C.P.R. vice-president of Western lines and president of B. & N. R.

Freight rate reduction will help business in the West, Mr. Beatty said, and freight rates should be revised downwards just as soon as the wage situation is adjusted so that the earnings of the railroad companies warrant the reduction.

"Numerous reductions have been made by the companies themselves in rates since the beginning of the year, all designed to take care of the necessities of individual industries or to correct inequalities which have existed," Mr. Hoffman went on. "These rate readjustments will continue to be made," he said.

"The commissioners have taken the standard, but it seems to be forgotten that during 1918 and 1919 the surplus earnings of the company were taken by the government in special taxes, and in 1920 the surplus was practically negligible."

"No company can keep step with the development of the country and improve its facilities and service if there is no reasonable margin between earnings and expenses and necessary interest and dividend payments. The demand on the one hand is for improved facilities, extensions and betterments of all kinds and on the other for lower rates."

"No reasonable reduction can be made to rates if at the same time the earnings are not sufficient to enable the company to retain a very high credit and financial strength capable of meeting all the legitimate demands which may be made upon it and thus contributing to the progress of the general prosperity of the country."

"For my own part, I have always thought that blanket increases and blanket decreases are unscientific, and that when rates are revised either upward or downward it should be done on a basis that would not produce discrimination between commodities or districts. This is a work which has to be very carefully done, and when done the results are much more satisfactory than percentage changes in existing scales."

"Certain preliminary investigations have been made with a view to ascertaining the power possibilities which would justify the electrification of certain portions of the mountain divisions, and this work is now being proceeded with," he stated.

"Undoubtedly in time," he added, "certain lines will have to be electrified, but much preliminary work still remains to be done, and I can only say that it will be a development of the future, not of the immediate present," said Mr. Beatty in conclusion.

### ALL DONE BY WIRE IS MODERN HOME

The Electrically Perfect House  
Must Now Have Burglar  
Alarm as Least of Absolute  
Essentials

Some of the essentials of an electrically modern home—as set forth by a California electrical society—may strike the average Victorian who prides himself on his progressiveness in the equipment of his home as rather radical.

This organization recommends, for instance, that the house have an electrical burglar alarm in addition to the automatic door opener and latch. Of course, the house must be equipped with door bells, lamps that give proper light, ornamental lamps and shades, adjustable light and telephone brackets and porch lights. Then, too, it must have an arrangement whereby the name of the householder and the street number are electrically illuminated.

For the kitchen this society suggests an electric oven, fireless cooker, dish washer, water heater, grill, waffle iron and small motor, as well as ventilating fans to make the work-situation of the home truly modern.

Among electrical conveniences for personal use, it lists an electrical shaving mug, curling irons, hair dryer vibrators, massagers, bed-warmers and milk-warmers. This list is in no sense complete, the organization points out, but is intended to give home owners an idea of what may be regarded as truly essential.

Dining table suggestions include an electric table, stove, toaster, coffee percolator or urn, electric teapot, chafing dish and egg boiler.

An electric sewing machine with motor attachments, vacuum cleaner, washing machine with electrically-operated wringer, electric iron and ironer and electric boilers are listed among essential labor-saving appliances for the electric home.

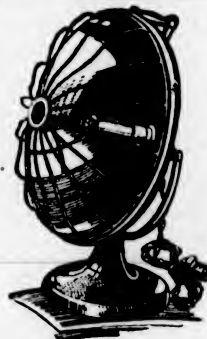

Under the head of "comfort devices" are grouped the radiant heaters for the bathroom, bedrooms and living room, heat regulators, electric fans for cooling purposes in summer and for better distribution of heat in winter, electric stoves where needed, and a bathroom water heater.

Men seem to have lived in England before the country was severed from Europe.

## Unique Among Teas

## "SALADA"

has the public endorsement of 30 years' "Good Standing". To-day it is by far the largest selling Tea in America.

## POOR OLD LIZZIE

Tin Lizzie may be old, sir, but her innards streaked with rust, but, by gad, when on the road, sir, she'll get you there, or bust.

Punny about the old tin Lizzie, isn't it? Above all the useful contraptions devised by the mind of man, old tin Lizzie takes the "bun". It doesn't matter at what stage of the game of life Lizzie has arrived. She is always "pert", and right up on her toes to do good in those who hate her, and to love those good and kind to her.

Tin Lizzie is no heart—she doesn't think she is, neither does she want to be. She is ever willing to plod along and do the best she can for her own folk, and to assist her detractors out of a hole whenever they get into one—which is quite frequent.

White sand, and tennis boots aristocrats sneer at Liza and jostle her on the road with haughty tools of haughty tools but Lizzie, democratic to her snorting combustion exhaust, politely retards her progress and permits them free access to the road ahead of her, knowing or grinning a mere "so long", because, sooner or later they will be calling on Liza to rope them out of a mud-hole. That's Liza—a good-natured, contented old cow—a neglected old reliable—the product of some unknown dreamer.

## Arrest of Indian Agitators

LONDON, Sept. 19.—Reuters correspondent in Bombay says that the news of the arrest of prominent agitators in Bombay and Simla was received quietly throughout India. There were a few slight disturbances in Bombay, but these were confined to the smashing of tram windows.

## DANCE CONCLUDES

## COWICHAN EXHIBIT

Agricultural Society of Duncan and District Winds Up Most Successful Fall Fair Ever Held in Valley

DUNCAN, Sept. 18.—The riding and jumping competitions and motor sports proved an attractive outdoor programme for the closing day of the annual Fall Fair of the Cowichan Agricultural Society.

A big crowd thronged the buildings and the grounds all afternoon, and in the evening a record crowd was in attendance at the big dance. The band of the G.W.V.A. of Victoria, discoursed sweet music during the afternoon and lent an additional festive atmosphere to the day through, and in the evening the orchestra of the same organization delighted some five hundred, who tripped the light fantastic till midnight.

During the afternoon motor sports in charge of Messrs. C. C. Ward, H. E. Barclay and Capt. E. G. Williams were keenly contested, and the following entrants came out as winners:

Backwards and Forwards—First, J. Langley; second, Hector Marsh. Garage Race, with intricate turns—First, Hector Marsh; second, Mrs. R. W. Whidden. Ford Cars—First, E. Evans; second, Geoffrey Kirk. Run and Start—First heat, Miss Beaver; second heat, E. Evans; final, E. Evans.

Tilting the Ring—First, E. Evans and E. Forrest; second, Mrs. A. Matthews and Mrs. Stuart. The remaining prize winners, unpublished in previous reports, of the Agricultural Show, were as follows:

Div. 1, Saddle Horses—Saddle Horses, 15 hands and over—First, E. L. Kingston; second, E. W. Cole.

Pony, over 13 hands and under 15 hands—First, Miss E. Walden; second, E. L. Kingston. Best Rider, boys or girls under 15 years—First, Miss Peggy Pressy; second, Miss Walcott.

Best Rider, open to ladies only—First, Miss M. Price; second, Miss Eaden. Jumping Competition, open to ladies—First, Miss Eaden; second, Miss M. Price.

Jumping Competition, open, jumps 3 ft. 6 in. performance—First, F. L. Kingston; second, J. D. Walcott. Div. 3, Goats, Registered and Unregistered

Goats born in 1921—First, Mrs. Bradley Dyne. Goats born in 1920—First, Mrs. Bradley Dyne; second, Mrs. Stella Lewis.

Milk Goats, Registered and Unregistered Goats born in 1921—First, W. H. Mahon; second, Mrs. Bradley Dyne. Goats born in 1920—First, Mrs. Bradley Dyne; second, W. H. Mahon.

Best Buck, any pure breed, registered—Mrs. Bradley Dyne. Best Exhibit of Goats in Milk—First, W. H. Mahon; second, W. H. Mahon.

Div. 3, Sheep Oxfords Ram, over one shear—First, F. L. Kingston; second, H. E. Barclay. Ram, one shear—First, Archie Stewart; second, J. C. Im Thurn.

Ram Lamb—First, L. F. Norie; second, A. Stewart. Ewe, two shears and upwards—First, L. F. Norie; second, L. F. Norie.

Ewe shearing—First, L. F. Norie; second, A. Stewart. Ewe Lamb—First, A. Stewart; second, A. Stewart. Pen, Ram, Lamb and 2 Ewes—First, A. Stewart; second, A. Stewart.

Shropshires Ram, over one shear—First, A. Stewart; second, G. H. Hadwen. Ram, one shear—First, F. C. Im Thurn; second, F. C. Im Thurn.

Ram Lamb—First, G. H. Hadwen; second, A. Stewart. Ewe, two shears and upwards—First, A. Stewart; second, G. H. Hadwen.

Ewe shearing—First, A. Stewart; second, G. H. Hadwen. Ewe Lamb—First, A. Stewart; second, A. Stewart. Pen, Ram, Lamb and 2 Ewes—First, A. Stewart; second, A. Stewart.

Grade Two Grade Ewes, large—First, A. Stewart. Two Grade Ewes, small—First, A. Stewart. Champion Oxford Ram—F. L. Kingston.

Champion Shropshire Ram—F. C. Im Thurn. Champion Southdown Ewe—A. Stewart. Sheep, best prepared for show purposes—First, A. Stewart; second, F. L. Kingston.

Any Other Variety Ram over one shear—First, A. Stewart; second, A. Stewart. Ram, one shear—First, A. Stewart; second, A. Stewart. Ram Lamb—First, A. Stewart; second, A. Stewart.

Ewe, two shears and upwards—First, A. Stewart; second, A. Stewart. Ewe shearing—First, A. Stewart; second, A. Stewart. Ewe Lamb—First, A. Stewart; second, A. Stewart. Pen, Ram, Lamb and 2 Ewes—First, A. Stewart; second, A. Stewart.

ing election. The meeting was called to order, and Mr. S. Guthrie, M.P.P., was elected to the chair. The chairman explained the business before the meeting, and a long discussion arose. Finally it was decided that the meeting go in favor of contesting the riding in the interests of the Socialist party, and that it support the nomination of W. A. Pritchard, Vancouver. Mr. Guthrie was chosen as delegate to be present at a mass meeting to be held in Nanaimo on Sunday at 7:30 p.m.

LADYSMITH'S BOY SCOUTS ARE ACTIVE Organization Reflects Energy of the Scoutmaster—Committee Formed to Secure Assistance

LADYSMITH, Sept. 19.—One organization in the city that is full of life and that is doing real work with the younger element is the Boy Scouts of Ladysmith. Their activities and success is due largely to the energetic interest taken in the boys by the scoutmaster, Mr. Rowbotham. The boys have entered into their work, which is not all fun, but at times real hard work, with an earnestness that speaks well for the future, and it is only hoped that they will receive that support from the public that is necessary to make the movement a complete success.

The Scouts during the summer vacation made several hikes and did themselves well on these, and are now busy passing some of the tests required of them to obtain their badges. Last Saturday afternoon a large number of the Scouts hiked to Bush Creek and proceeded to enter on the fire-lighting and cooking tests. The following were successful in passing the tests: P. L. Doumont, Shillan, Wainman, Hayes, Marshall, Duncan and Radford.

On Saturday afternoon the troop met on parade at 2 p.m., and proceeded with "good turns", which consisted in seeking to do someone a good action, such as splitting wood, light fires, and other sundry other things. Many complimentary remarks were made later by parents who enjoyed the fruits of such work and honor for the first time, and the general consensus of opinion was that there was something in boys who would give up their time in doing such work.

A strong committee of parents has been formed, with the idea of giving the boys a home, both financially and otherwise, the members of which are: Mr. J. A. Knicht, chairman; Mr. W. Alwen, secretary; Mrs. H. Barrett, Mrs. J. Hughes, Mrs. E. Harrison, Mrs. E. Marshall, Messrs. Akenhead, Amos, Cull, Collinge and Duncan.

The Scouts have been promised the use of the basement in the residence of Mr. W. Akenhead as a club room, and it is intended to use the room as a clubroom during the winter months.

GANGES HARBOR GANGES HARBOR, Sept. 19.—Last Thursday, at the Tennis Club grounds at the Settlement, a match took place between a team brought from Cowichan by Mr. Edwards and Trench, of Musgrave's Mountain, and some of the members of the Salt Spring Club, the latter being beaten by 40-28.

The result of the games are as follows: Ladies' Doubles Mrs. Leggett and Miss Wallick vs. Miss Cartwright and Miss D. Aitken, 7-4.

Men's Doubles Mr. Leggett and Mr. E. Trench vs. Mr. Cecil Springfield and Mr. Dermot Crofton, 8-2.

Men's Singles Mr. Leggett vs. Mr. E. Trench, 10-1. Miss Wallick and Mr. Crofton vs. Miss D. Aitken and Mr. Dermot Crofton, 5-6.

Mixed Doubles Mrs. Leggett and Mr. E. Trench vs. Miss Cartwright and Mr. H. H. Garnett, 11-9. Mrs. Leggett and Mr. E. Trench vs. Miss Cartwright and Mr. H. H. Garnett, 11-9.

During the afternoon tea was served by the Salt Spring members on the grounds, and the visitors left by launch from Vesuvius about 6 p.m.

Tea and Tennis About forty people were present at a tea and tennis tournament given by Mr. and Mrs. J. D. Halley, of Sande, North Salt Spring, on Saturday afternoon. The winners of the final set were Cartwright and Mr. Ernest Crofton, against Miss Beryl Scott and Mr. V. C. Morris.

GANGES HARBOR GANGES, Sept. 19.—The cup presented by the Canadian Bank of Commerce for the peddled cow with the best B. O. P. test completed during 1921 was won at the show on the 14th by Mr. H. W. Bullock, of Ganges, and not by Mr. A. S. Crofton as reported.

With help regarding the points of those wanting the telephone, arrangements have been made for the extension of the system to Vesuvius, along the west side of St. Mary's Lake and Cuthren Lake. Operations are to be started next week, and the work to be completed by November.

Funeral at Ladysmith LADYSMITH, Sept. 19.—The funeral of the late August Pelligrinelli, who collapsed in Vancouver and died before medical assistance could be procured, took place Sunday afternoon. The last rites were performed by Rev. Father MacLean, and the funeral arrangements were in the hands of Mr. D. J. Jenkins, of Nanaimo.

Cramps! Cramps! Cramps! How to Stop Them Quick When you have cramps, it is a mighty relief to know that "Good old Nerviline" is sure to do the trick. Buy a bottle of Nerviline today, and keep it handy. Nerviline is a common household necessity, and is so useful in case of cramps, indigestion, gas, when cramps, nausea, diarrhoea, or one of the like occurs, and every family should have a bottle of Nerviline.

Envy your friend's sound sleep won't get you the sleep you need. Watch what he drinks and ask him the reason why

You can't help noticing the man who comes down to the office in the morning with ruddy cheeks and clear sparkling eyes—full of energy, and eager for the tasks of the day.

He is physically "fit"—and can do twice the amount of work the average person can do, without becoming fatigued.

If you go out to lunch with this man you'll notice that probably he avoids tea and coffee, though he may drink Postum—the well-known and delicious beverage, satisfying in flavor.

This is the secret of his superb health. He isn't putting the drugs from tea or coffee into his system three times every day. As a consequence he sleeps like

a healthy baby all night. His sleep refreshes and rests him. He has perfect control of his nerves.

Do not delay another day in starting back on the road to robust health. The rich, delightful flavor of Postum will surprise and please you.

Order Postum from your Grocer today. Drink this hot, refreshing beverage in place of tea or coffee for ten days and see what a wonderful difference it will make in the way you feel.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

## Postum for Health "There's a Reason"

## ONLY ONE SURVIVOR OF WRECKED SLOOP

ST. VINCENT, Windward Islands, Sept. 19.—A woman passenger was the only survivor of the sloop Coronado, which was wrecked while bound from St. Lucia for Grenada. The sloop encountered a terrific storm on September 8. The woman remained clinging to the bulk after all the others had been swept away. Drifting through high seas, the vessel finally stranded on a reef on the Grenadines, and after five days in her perilous position, the woman was rescued by a fisherman, who rescued her.

The schooner Lillian M. Barnea, which left Cuba with 300 repatriated West Indians, arrived at Barbados September 18 in a distressed condition. She could not make port owing to the tempestuous seas, and was driven in the direction of St. Lucia. She entered port carrying the following day with only 284 passengers and crew, sixteen having died in consequence of their appalling experience, one of whom became demoralized and leaped overboard.

## SUBMARINE SENDS SIGNAL OF DISTRESS

MIAMI, Fla., Sept. 19.—A wireless message from the submarine R-47 saying she was in distress at a point 100 miles northeast of Nassau, was received today by Ensign W. H. Klappworth, commanding the subchaser 154 lying here. The message was sent broadcast, it was thought. The message telling of the submarine's plight was received this morning. So further message has been received up to a late hour. The submarine chaser 154 was unable to respond, having rammed a hole in her bow while giving assistance to another boat last week.

## CHILD WAS DOOMED BY PARENTS' BELIEF

Medical science, which, in the past few years, has been able to perform so many miracles, admitted lately that it is unable to undo in a few months what has been wrought in nearly a score of years, and because of this Marie Zumbach, the 17-year-old girl found in the basement of a house on the outskirts of Joliet, Illinois, will have to end her days in the condition in which she was found, a child of six in mind and body.

Mary Zumbach was born in Joliet. For the first two months of her life she appeared to be any other normal child. But one day her mother conceived the idea her daughter was akin to the devil, and her belief led her literally to bury Marie in a room in the basement of the home.

For years the child lived in the prison, never seeing the light of day, never getting a breath of fresh air and subsisting on semi-fluid food only. Her body grew to an unhealthy shape, but her mind never developed past the normal age of six years.

Finally someone heard of the case and notified the health authorities. The girl was rescued from the dungeon. She was unable to see, hear, or talk, and was at the lowest level of an idiot.

Medical science endeavored to aid her. They arranged for a place where the best possible care could be taken of the child and proceeded to experiment with glands and other means of bringing the girl up to normality.

Dr. Raymond Krumholz, professor of neurology at Northwestern University, took charge of the case. He transplanted thyroid glands obtained from a monkey. For a while the girl appeared to improve, and more glands were transplanted. Other operations were performed and the medical world sat back to wait for the result. Today, exactly one year after the girl was brought into daylight, Dr. Krumholz was forced to admit the case was hopeless.

The Bayeux tapestry woven by a woman carries the best story of the battle of Hastings.

## FORMER CAPITAL OFFENCE

Most people know that until recent years the list of capital offences was a long one; but few would believe at first sight that a man was hanged in England in the middle of the eighteenth century, against whom the only charge was that he had obstructed the police with his face blackened.

At that time there existed in London a large number of sanctuaries, or places of refuge for debtors and other offenders against the law.

In the reign of William III, a law was passed which put an end to this right of sanctuary; but this did not deter the Ministers, who on being elected from their own place, set up a new sanctuary, called the Seven Cities of Refuge.

One Sunday morning police officers managed to arrest a notorious member of the Seven Cities. The other members, after a long and strenuous fight, rescued him and brought him back, together with some of his captors. The latter were whipped and afterwards ducked in an open sewer.

Having passed through this ordeal the officers complained to the magistrates. The only person whom they could identify was an old criminal named Charles Towers, who had taken part in the riot with his face and chest blackened with soot. He was arrested, but as it could not be proved that he had had anything to do with the whipping or ducking, the only charge preferred against him was that he had obstructed the police with his face blackened. There had been a few years previously a notorious

ious rank of poachers, known as the Waltham Blacks, who went to work masked and with blackened faces. In order to put an end to their activities a law was passed making this form of disguise an offence punishable by death. The wretched Towers was found guilty and hanged actually for the offence of having a blackened face.

## RATES ON ATLANTIC WILL BE REDUCED

MONTREAL, Sept. 19.—A general reduction in third class steamship rates from this port to continental European destinations, to come into effect at once, was announced today by a large steamship company here, and it is expected this announcement will be followed by similar reductions by other companies in the near future.

The amount of the decrease is 12% in each case, and the reduction will also be effective on steamers of the same company sailing from New York. It will include a drop of \$11.50 on passages to Antwerp and Rotterdam.

REVELSTOCK, Sept. 19.—Aldert Buis, son of J. Buis, Malakwa, while being instructed in the proper use of a gun Sunday afternoon by his father, in some accidental manner received a bullet from a calibre revolver in the left lung. The bullet passing through the body. He is expected to recover.

## Making Better Meals

Better meals do not always come from better cooking. Poor food, soured with condimental sauces or savory gravies, will not build muscle or brain. Better meals come from simple, natural foods that are rich in body-building material.

## Shredded Wheat

with milk and fruit makes the ideal, perfect meal. You couldn't buy a better meal with a million dollars—and it only costs a few cents.

Two Biscuits with milk make a nourishing, satisfying meal and cost but a few cents. Delicious with raisins, prunes, sliced bananas, peaches or other fruits.
